SECRET PROBE OF GUNMEN'S ARREST

Investigation Begun to See if Police Suppressed Any Evidence

WHO SUPPLIED THE FUNDS?

Dougherty Turns Over to Justice Goff Papers Which May Furnish Clue as to Who Put Up Money for "Gyp" and "Lefty."

New York, Sept. 16.—A secret John Doe investigation of the circumstances surrounding the arrest on Saturday night of "Gyp the Blood" and "Lefty Louie", two of the four gunmen who are alleged to have slain Herman Rosenthal, the gambler, was begun today before Justice Goff. The purpose of the investigation, according to Acting District Attorney Moss, is to determine whether the police suppressed or destroyed any evidence, particularly letters implicating the two men in the murder and when and how the clues to their whereabouts were obtained.

Pleading to the murder indictments against the defendants was put over until Wednesday.

Justice Goff called successively into his chamber Deputy Police Commissioner Dougherty, Sergt. Young, Dougherty's secretary, and Detective Yunge, Myers, Cassassa and McKenna, all members of the police squad that took "Gyp" and "Lefty" into custody. They were questioned by the justice and Mr. Moss. What they told was not revealed, but it was learned that Commissioner Dougherty turned over to Justice Goff a box containing papers, memoranda and other documents found in the gunmen's flat which Mr. Moss said tonight had furnished the "prosecution some evidence of importance."

Included in this evidence, Mr. Moss said, were clues by which he hoped to establish the identity of the persons who supplied the gunmen with funds. It was reported today, however, that 40 letters containing incriminating reference to the Rosenthal murder had been found in the flat and although Deputy Commissioner Dougherty indignantly denied that any such missives had been discovered, Mr. Moss declared tonight that he purposed to have the truth or falsity of the report legally established before the justice.

Another matter which the prosecutor said was being investigated was whether the police examined the two gunmen and their wives at any time before the arrival of Mr. Moss at police headquarters Saturday night. In this connection the District Attorney has learned that, contrary to the story told by the police that they "burst into" the apartment, there were no signs on the door of the gunmen's flat that force had been used.

The two young wives of the prisoners, who today were held in $2,500 bond as material witnesses, involved themselves in contradicitions, Mr. Moss said tonight, when he questioned them separately as to what they knew of the murder.

Max Kahn, who was also held as a material witness today may face a serious charge, Mr. Moss said further. Kahn was indentified in court today by Krese, the waiter who has made several other important identifications as having been near the hotel Metropole at the time of the murder. The prosecutor indicated that he would lay before the grand jury on Thursday evidence bearing upon Kahn's conduct form the date of the murder to the date of his arrest.

John F. McIntyre, counsel for Police Lieutenant Charles Becker, one of the seven murder defendants, expects to leave for Hot Springs, Ark., tomorrow to appear for his client before the commission appointed to hear the testimony of persons who talked to Sam Schepps, a State's witness in the case.

Whitman Is Investigating

Hot Springs, Ark., Sept. 16.—District Attorney Whitman, of New York, who arrived here today with Assistant District Attorney Rubin, announced tonight that he would interview various persons who talked with Sam Schepps while he was detained here as a witness in connection with the killing of Herman Rosenthal, tomorrow. These interviews will be informal, but will preface efforts to be made before Captain G. Floyd Huff, of Hot Springs, notary, named as special commissioner. Witnesses are to be examined before Mr. Huff, after the approval and forwarding here of interrogatories submitted under the ruling of Justice Bischoff, of New York, permitting the examinations.

John F. McIntyre, counsel for Police Lieutenant Becker, is expected to arrive Wednesday.

Salina, Kan., Sept. 16.—Six million dollars will not cover the loss caused by the horse plague in Kansas during the last month, according to estimates made by Dr. W. S. Schoenleber, head of the veterinary department, and Dr. E. H. Webster, director of the experiment station of the Kansas Agricultural College, who have been visiting the plague-infected district. It is said 20,000 horses have died.

MARSHALL [illegible] ON TARIFF

Library of Congress

Vice Presidential Nominee Defends the Policy of Protection—Says It Means Monopoly and Free Trade in Labor.

St. Joseph, Mo., Sept. 16.—High protective tariff was denounced by Governor Thomas R. Marshall, Democratic nominee for Vice President, in a speech here tonight. He declared the policy "gave tariff beneficiaries a monopoly on products and free trade on labor." The Governor said:

"Impressed as I have always been from the moral and constitutional viewpoints of the injustice of the high protective tariff, I have not wasted much time in studying its practical workings. Revelations, startling in their character, force themselves upon us, however. These revelations furnish economic reasons in abundance for a change.

"Take the argument that the high protective tariff has been maintained for the benefit of the American working man. What do the facts disclose? They disclose that we have given the tariff beneficiaries a monopoly on products and furnished them free trade in labor.

"Figures compiled by the United States Immigration Commission reveal that three-fifths of the workers in our protected industries have come to the United States from Southern and Eastern Europe since the reason was advanced that we must have a high protective tariff for the benefit of the American working man.

"Analysis of the figures reveals that the average wage per family has been $60 per month; that only 40 per cent. of the families are supported by the heads thereof; and that in the iron and steel industries one-tenth of the family earnings is made by the children, while one-fifth comes from boarders and lodgers. In 17,000 households examined there were 246 persons for each 100 sleeping rooms. The housing conditions challenge adequate description.

"An investigation of the twine plant at Auburn, N. Y., of the International Harvester Company, presided over by that disinterested patriot and philanthropist, George W. Perkins, revealed that women worked from 10 to 12 hours each day, standing all the while in rooms the most unsanitary, and earned a dollar a day. Overworked and underfed, they are sapping out their lives and sapping the lives of posterity that the system may exist. If the farmers of this country are as patriotic and humane as I believe them to be, they will next year bind their harvests with rag garters, unless these conditions change.

"A word will suffice for the revelation of conditions at Lawrence, Mass., where wage-earners getting $7 a week were insulted by the advice to open an account with a trust company. Such information as the government has been able to obtain by its tariff board shows that the labor cost of wearing a yard of cloth is five cents, while the tariff duty for the benefit of the laborer is $1.02. Who got the other 97 cents?

Governor Marshall then told of two Indiana implement concerns which he said had opened branches in Canada. He added: "I have no definite knowledge why these industries opened up in the British domain, but I hazard a guess that the effect of the protective tariff on raw material and on trade relations with the world has convinced them that they can do more business and make more money while operating under the British Empire than under the American government."

Speaks at Kansas City.

Kansas City, Kan., Sept. 16.—"Never has the black flag of piracy floated above the political seas as now; never was it saluted with so much honor," declared Governor Thos. R. Marshall, Democratic nominee for Vice President, in a speech here today.

"In all my political career I have never asked anybody to vote for me; I do not propose to do so now. I am unfit for public office if my personal preferment is more potent than the triumph of the cause I advocate. He is not a good soldier who is not willing to sacrifice himself in an effort to save his party standard. My personality is of slight moment to the voters of this country unless they believe in my party platform, and in my intent, if elected, to help carry out its pledges. I have no quarrel with the man who disagrees with me with reference to the Democratic platform. He may be right, much as I doubt it.

"This principle is vital: That every man in America have the right to run for office and to vote for whomsoever he chooses.

"When matters of great pith and moment are involved, a party is not dealing honestly with the voters unless it declares its principles and pledges its candidates to maintain them. A vote obtained through dissimulation is wrongfully obtained.

"Could anything be more piratical than the open boast of the Roosevelt men that they kept still and waited until the Maine election had been carried before declaring their principles? Every regular Republican vote obtained in this way in the State of Maine was fully as dishonest as the votes in the Chicago convention which nominated Taft.

"A party that opens its political meetings with prayer and sings, 'Onward, Christian Soldiers,' and claims to be the embodiment of pure politics and clean Americanism, ought to be honest enough not to deceive the voter, not to dissemble, and not to resort to legal technicalities in order to force the voter either to vote for candidates he does not desire in office, or to vote against his principles.

"The Progressives claim to be divorced from the Republican party on

GLASSCOCK'S PLAN IS NOT ACCEPTED

Kanawha Coal Operators Refuse to Arbitrate With the Miners

HOPE OF SETTLEMENT GONE

Five Witnesses Testify Before Mine Investigating Commission—Operators Will Not Recognize Miners' Union

Charleston, W. Va., Sept. 16.—Hopes of settling the strike in the Kanawha coal fields of West Virginia diminished today when the coal operators refused to accept Gov. Glasscock's plan of arbitration jointly offered to the operators and miners. The plan was agreeable to the miners.

The Governor's plan was believed to be a solution of the trouble. The operators, however, refused to accept it as such, on the ground that all men, both union and non-union would not abide by the decision.

Tonight the mine situation is the same as has prevailed for some time.

Gov. Glasscock, disappointed with his efforts to bring about a solution, has issued a call for a meeting next Saturday, which is expected to bring to Charleston representatives of business organizations through West Virginia, coal operators and miners.

Five witnesses testified before the mine investigating commission today. One of them, Mrs. Birdie Perry, who lived in a tent at Holleys Grove, said:

"Mine guards fired several volleys through my tent. I had a baby in my arms, but fortunately neither of us was harmed."

Reeze Workman testified he was arrested October a year ago, by a mine guard, taken before an alderman and without any one being sworn or trial of any kind, was fined $4. "I don't know what for and nobody else has been able to learn for what. I did not have any money with me so they said they would get it from the company. Pay day $7 was kept out of my envelope and when I kicked the bookkeeper informed me that that was the amount he had to turn over to the justice of the peace."

Workman alleges that the collection of fines through the company was general in the Kanawha district.

The reply of the coal operators to the Governor set out various reasons why they cannot agree to arbitrate, principally that the only question between the operators and miners was recognition of the union.

That is the matter, the operators, it is said, contend they cannot arbitrate.

The operators contend that the majority of the men are non-union; that to accept the Governor's proposition would mean the recognition of the union, something they propose never to do. The operators state that the questions to be arbitrated would be left to arbitrators to create.

PRODUCE CORRESPONDENCE

Archbold, Perkins and Roosevelt Must Show Letter Files.

Washington, Sept. 16.—John D. Archbold, Geo. W. Perkins and Col. Roosevelt are to be asked by the State committee investigating campaign contributions to produce any correspondence they may have pertaining to "financial transactions" between the first two men and members of Congress, or between them and Mr. Roosevelt when he was President. Investigation of this phase of the campaign contribution question was authorized by the LaFollette-Penrose resolution just before Congress adjourned. Chairman Clapp, of the investigating committee, after a conference today with Senator Pomerene, of Ohio stated that the committee would open this line of inquiry by asking for the production of letters when the three witnesses named are on the stand.

Wm. R. Hearst is expected by Chairman Clapp to produce copies of many letters alleged to have been written to members of Congress by Mr. Archbold. The members of the House and Senate who may be called upon to submit their private letter files to the committee will not be named until after the investigation begins.

A list of proposed witnesses, most of whom have already been named, was gone over by Senator Clapp and Pomerene today. The sub-committee will meet in Washington September 27th and arrange for the hearings which open September 30th.

WILL MEET SEPTEMBER 24

Committee to Begin Investigation of Alleged Primary Frauds

Columbia, S. C., Sept. 16.—Announcement was made tonight that the sub-committee of the Democratic State Committee appointed to investigate charges of fraud in connection with the recent South Carolina primary of the party will meet in Spartanburg, S. C., on September 24th. W. F. Stevenson, chairman of the sub-committee, said that the meeting would be held here on account of the extensive charges of fraud made in the piedmont counties in this section of the State. Governor Blease was renominated by a majority of three thousand votes on the face of the returns.

READY FOR NEWSPAPER LAW

Hitchcock Issues Instructions for Carrying Out Act Passed by Congress—Advertising Matter Must Be Marked

Washington, Sept. 16.—Postmaster General Hitchcock today issued instructions for carrying into effect the new newspaper and periodical law, first returns under which must be made by October 1st.

The law requires that publishers shall file on the first days of April and October of each year, both with the Postmaster General and with the local postmaster, under penalty of denial of the use of the mails, a sworn statement of the names and addresses of the owner, publisher, editor, managing editor and business manager, of their newspapers and periodicals. Religious, fraternal, temperance and scientific publications are excepted. For a corporation, the names of the holders of more than 1 per cent of the stocks, bonds, or other securities must be given, and, in the case of daily newspapers, a statement of the average paid circulation for the preceding six months is required.

All editorial or other reading matter appearing in a newspaper or magazine for the publication of which pay is accepted or promised, must be marked "advertisement" under penalty of a fine of not less than $50 or more than $500.

"Although this law was not favored by the Postoffice Department," said Postmaster General Hitchcock today, "it will be administered faithfully and impartially. In framing the act Congress doubtless had in mind the leading daily newspapers, but it will affect also nearly 18,000 weeklies. Many of these publications are having a hard struggle for existence and will find the making of returns a considerable burden.

"In my judgment—and I so expressed it to Congress—the provision will be harmful, as it will require the continuous use of valuable space in the publications and, at the same time, be resented as a censorship of the press. One of the greatest difficulties now encountered in the enforcement of the law relating to the second class mail privilege is that the Postoffice Department is compelled by law to make inquiry into so many aspects of the private business of publishers. This gives rise to the complaint—ill-founded in my opinion—that the government interferes needlessly with the privileges of the press. My opinion is that it should be the constant aim, not only of Congress but of the Postoffice Department, to lessen the necessity for supervision of the public press in the enactment and administration of postal laws."

Only July 1st, 1912, there were 28,144 newspapers and periodicals enjoying second class mail privileges. There were 2,514 dailies, 17,217 weeklies, 5,277 monthlies, 1,361 quarterlies and 1,785 having other periods of issue. Of these all except about 1,500 exempted publications will be affected by the new law.

Washington, Sept. 16.—American bluejackets and marines have been called upon by Minister Weitzel in Nicaragua to rescue from famine a college full of girls at Grenada. The girls have been isolated for 40 days and are facing an empty larder. The college is under French control and many of its inmates are foreign residents. The American minister appealed to Admiral Southerland of the American fleet to send a rescue party with some of the food supplies sent by the Red Cross from the canal zone.

OUTLINES

Postmaster General Hitchcock yesterday issued instructions in regard to the new newspaper law which goes into effect October 1st.

The terms for peace between Italy and Turkey have been practically arranged with the exception of a proposed loan to the latter.

Hope of settling the coal strike in the Kanawha fields of West Virginia was diminished yesterday when the operators refused to accept Governor Glasscock's plan for arbitration.

Governor Marshall yesterday spoke at Kansas City, Kan., and St. Joseph, Mo., dealing with political trickery in his first address and confining his remarks to the tariff in the second.

Governor Wilson did some vigorous impromptu campaigning in Ohio and Indiana yesterday, and answered Senator Beveridge's charge that if elected to the Presidency he would be controlled by bosses.

A secret investigation of circumstances surrounding the arrest of "Gyp the Blood" and "Lefty Louie" was begun yesterday to determine if the police suppressed any evidence when the arrests were made.

The executive committee of the board of trustees of the University of North Carolina met in Raleigh yesterday and heard President Venable's official statement in regard to the hazing tragedy at Chapel Hill.

Sidna Allen and Wesley Edwards were yesterday lodged in the Roanoke, Va., jail, being placed in cells near their kinsmen, who were delighted to see the outlaws. Judge Staples will likely be appointed to try the alleged court murderers.

New York markets: Money on call strong, 4 1-2 to 5 1-2 per cent; ruling rate, 5; closing bid 5 1-4; offered at 5 1-2. Spot cotton closed quiet. Flour steady. Wheat, spot irregular; No. 2 red 1.03 1-2 c.i.f. track and f.o.b. afloat. Corn, spot easy; export 58 f.o.b. afloat. Oats, spot barely steady. Turpentine quiet. Rosin steady.

WILSON SPEAKS IN OHIO AND INDIANA

Governor Does Some Vigorous Campaigning in the Middle West

ANSWERS SENATOR BEVERIDGE

Denounces the Charge That He Would be Boss-Controlled if Elected to Presidency—The Nominee is Well Received.

Chicago, Sept. 16.—Through Ohio and Indiana, Governor Woodrow Wilson did some impromptu campaigning today that was as vigorous as it was unexpected.

No previous arrangement had been made for speeches and the train schedule was twisted by delays early in the day, but crowds gathered along the route and Governor Wilson made nearly a dozen speeches from his car.

He replied to former Senator Beveridge, of Indiana, who charged in a recent speech that Governor Wilson, if elected, would be boss-controlled. State Senator Fred Kistner and Mayor Fleckle, of Logansport, Ind., boarded the train and told Wilson about Mr. Beveridge's speech so that when the Democratic candidate reached Logansport he hit at Mr. Beveridge to a large crowd.

"I understand that in a speech made last Saturday night," said Governor Wilson, "a very much esteemed friend of mine, namely Senator Beveridge, said that he entertained a very serious fear about me, namely that if I were elected President I would be controlled by the bosses. I never suspected before that Senator Beveridge was a humorist; because if he did not know that was a joke he ought to have known that it was a joke. When did he ever hear that I had changed all my political habits?

"The way you can tell whether a man is going to be controlled by the bosses or not is to judge whether he is in reach of a boss or not. Do you know what a boss is? A boss is a political agent of certain special interests who see to it, through him that people they can control are put in office and that laws they don't want are kept off the statute books; and the men who do that are the men who are interested in the great monopolies of this country.

"I am sorry to observe that, whereas, the Republican party has practically fostered the trusts and the Democratic party proposes to prevent monopoly in this country, the third party, represented by Senator Beveridge, proposes to take the monopoly into partnership with the government by accepting it as an inevitable necessity and bringing it under the regulation of law; that is to say, making it a legalized institution of the country. And, when the men who have created monopolies are accepted partners of the government, do you suppose they are going to dispense with the men who are their necessary agents, namely, the bosses who determine who are to occupy office and what the legislation is to be?"

"Who created monopoly?" interrupted a man in the crowd and he repeated his question several times.

"The men who created monopoly, my friend, to answer your question," continued the Governor, "are the men who have taken advantage of protective tariff to get together to make great combinations of industry to shut out competition and to make sure that the prices are in their own control. And every Republican leader in our generation has been in league with those men."

"Who are they?" broke in another voice and the Governor's reply brought cheers.

"They are the men who have set up the great trusts," he said. "Everybody knows the list of them. These men are the heads of the Steel Trust, of the Tobacco Trust, of the Standard Oil Trust, and of all the other trusts—that everybody knows. I am surprised that you didn't know the names of them before. These men have supported those who have controlled our government in the last 15 years, and they are supporting them still. And I, for my part, do not entertain any hope of the government of the United States being freed from the control of trusts and the control of bosses, who are the agents of trusts, through the instrumentality of the adoption of the trusts into the care of the government itself."

The Governor was well received throughout the day. He shook hands with people who flocked to the rear platform and waved greetings to those not so near. The nominee left Chicago at 6:05 o'clock for Sioux City, Ia., and Sioux Falls, S. D., where two speeches are scheduled for tomorrow.

BRITISH STEAMER AGROUND.

The Coniston is Ashore Near Pensacola—Must be Dredged Out.

Pensacola, Fla., Sept. 16.—The British steamer Coniston, bound from Gibraltar to Port St. Joe, Fla., for a cargo of lumber, is ashore in the passes about 30 miles east of Pensacola. The tug Simpson is alongside the steamer, but has been unable to move her.

The vessel, which was driven ashore in the Gulf storm several days ago, has buried her nose eight to ten feet in the sand and will have to be dredged out.

OFFICIAL STATEMENT MADE

Committee of Trustees of University Hear President's Version of Tragedy—Rand to Sue Hazers' Fathers.

Raleigh, N. C., Sept. 16.—The executive committee of the board of trustees of the State University today receiving through President Venable, the official statement of Isaac William Rand's death by hazing Friday morning of last week, declared their faith that all had been done for the destruction of hazing that could be done and called for renewed warfare against it.

President Venable's statement failed to throw any new light upon the death of Rand, further than to establish clearly that death was the result of a wound inflicted by a triangular piece of bottle which cut Rand's throat. He said also that there was no evidence that he barrel upon which Rand stood and was made to dance, was kicked over.

In executive session following Venable's statement heard by newspaper men, there was discussion of appeal to the Legislature to pass anti-hazing legislation that made an attempt a crime. It lost. Resolutions of sympathy were passed.

Governor Kitchin issued a statement tonight calling upon all friends of the college to oppose hazing. Rand's father, Oscar Rand, made public his statement tonight, insisting that justice be done the hazers of his son. It is said he will sue their fathers.

Committee Adopts Resolutions.

Raleigh, N. C., Sept. 16.—President Venable presented a detailed statement of the death to the executive committee in the executive office of Governor Kitchin, and, acting on this report, the committee adopted resolutions as follows:

"Resolved that the executive committee of the board of trustees of the University, having received the official report of the death of Isaac William Rand, made by President Venable, which will be published at the University, on Friday morning, September 13th, expresses its deep sympathy with the father and family of Isaac William Rand, and over his untimely death. We deeply deplore not only the death of the young man, but the manner of his taking off.

"Under a resolution of the board of trustees passed some years ago any and all students engaged in hazing in any form, when convicted, shall be expelled. The council of the student body has and is co-operating with the president and faculty of the University in efforts to suppress hazing and all boys who have been detected in the past three years have been expelled. The students who engaged in the hazing that resulted in the death of young Rand have been committed to the Superior Court of Orange county to answer the charge of homicide. The solicitor of the district, Hon. S. M. Gattis, was present at the request of the president of the University, and conducted the examination of the witnesses on the part of the State at the coroner's inquest. The young men engaged in the hazing must answer to the laws of the State. It is gratifying to us to know that only four out of 800 students engaged in this hazing. And the awful results of the hazing of young Rand will, we believe, effectually end this brutal form of amusement and degeneration."

The report of President Venable to the executive committee treated the whole scope of the hazing tragedy. It showed that Dr. Venable was aroused between 1:30 and 2 A. M. and found young Rand already dead. From the description given of one of the hazers by Freshman Wellons, Dr. Venable took young Merriman in custody and then called in the civil authorities who later arrested Hatch, Styron and Oldham. The president procured the presence of Solicitor S. M. Gattis at the coroner's inquest. His report to the executive committee treated the testimony of young Wellons, Rand's roommate, who was also hazed, as showing that the hazers called Rand and Wellons at their room door, that the two freshmen realized that they were to be hazed. They were carried to the athletic field where Wellons was made to mount the barrel and ordered to make a speech on "The Whichness of Thus." He insisted that he could not handle this subject and was ordered to sing "How Green I Am." He knew the tune for this and sang. Then he was ordered to dance and did so. He was taken down and Rand was made to mount the barrel. He was ordered to make a speech and then to sing. He insisted that he could not sing and was directed to dance, which he began to do. Wellons was standing near the barrel and saw it rock and fall over without anyone pushing it. Young Rand did not get up immediately and three of the hazers went to him and found that he was hurt. Further examination showed that he was bleeding freely. The party started with Rand toward the gymnasium building and carried him about 180 yards when they found that his condition was desperate. They left Rand with Wellons, giving the latter the light and Rand began calling for help which soon came. Other details of the Wellons statement was very much as generally published heretofore.

The report of President Venable also reviewed the giving of bonds by Merriman, Hatch and Oldham and stated that a bond for young Styron, who is a ministerial student from Wilmington, was made up at Wilmington Sunday night and forwarded to Chapel Hill last night.

Everybody Was There.

Fall opening of the Grand Theatre. Did you hear Mr. Chick and the complete orchestra? **

OUTLAWS ARE NOW IN ROANOKE JAIL

Sidna Allen and Wesley Edwards Occupy Cell Near Their Kinsmen

MISS IROLER HELD AT HOTEL

Edwards' Sweetheart Will Return Home Today—Judge Staples Will Likely Try Alleged Murderers—Rewards

Roanoke, Va., Sept. 16.—Sidna Allen and Wesley Edwards are in jail here, having been lodged in their cells at 1 o'clock this afternoon. While Wesley Edwards is occupying a bunk in the city jail, his fiance, Miss Maud Iroler, occupies a room in a hotel just across the street.

The Allens who were already in jail here were delighted to see their kinsmen when they arrived. Floyd shook hands with his brother and greeted him heartily. There was a general all-round hand-shaking and when this was over the two latest arrivals were given a cell close by those occupied by the others.

Miss Iroler will leave here tomorrow morning for her home at Cana, Carroll county. She said today that she knew her father would be angry, but that she was going home nevertheless.

While Governor Mann has not appointed any judge to try Allen and Edwards, it is understood, from reliable authority, that Judge Waller R. Staples, of this city, who presided in all of the other cases, would be appointed. Not until after the appointment is made will the date be set for the trial. The two prisoners will necessarily have to be taken to Hillsville to answer the indictments against them, and then should a motion for change of venue be made, this will have to be argued.

While Sidna Allen expresses a wish to have his trial at Hillsville, it is certain that the commonwealth will ask for a change of venue.

Nothing has been definitely decided concerning the rewards for the arrest of the men, but it is understood that Detectives Lucas and Mundy will each get a third. The reward of $500 offered by the government for the capture of Allen will scarcely be paid since one requirement was that he be turned over to the government authorities.

He will more than probably never answer the counterfeiting charge.

INVADE CAROLINA

Richmond, Va., Boosters Leave Home For Eastern Part of This State

Richmond, Va., Sept. 16.—Enthusiastic scenes marked the departure of the Richmond Boosters' special train from Main street station this morning. More than 100 business boomers joined in the trip, while nearly as many were at the station to wish them well.

The train left over the Seaboard Air Line Railway at 12:30 o'clock, the first official stop to be made at Rocky Mount, N. C., this morning at 7 o'clock. The Boosters remain there until 9 o'clock, when they leave for a series of towns across Eastern Carolina, reaching Raleigh tonight.

The special train, made up of four Pullmans, two diners and a baggage car, was placed in Main street station at 9 o'clock last night, shortly after which hour the Boosters, with their friends, began to arrive. At midnight the Boosters' Band led by Bandmaster Kessnich, waked the strains of the "Richmond Boosters' March," copies of the music and words of which were distributed.

The baggage car had been well stocked with advertising matter, novelties and samples for distribution all along the route. By agreement no samples of liquor for distribution were carried. Berths had already been drawn and each Booster knew his proper location and was not long in getting settled. Genial comradship and good fellowship prevailed. Most of the men were already personal or business acquaintances. Introductions were informal and the new comers were made at home at once.

WHO WAS ACCOMPLICE?

Mysterious Person Planned Murder of Snead With Boyce.

Amarillo, Texas, Sept. 16.—The identity of a mysterious accomplice, who, it is stated, planned with J. B. Snead for the murder of Al. G. Boyce, Jr., Saturday, furnished the principal interest here today in the second killing by Snead as the result of the elopement of his wife with Young Boyce last Fall.

Snead probably will be taken to Fort Worth to stand trial for killing Capt. Al. G. Boyce, Sr., father of his victim of Saturday. This trial is set for November.

The Potter county grand jury, in special session today, failed to complete its investigation. Thirty witnesses were examined and it developed that there was an accomplice to the murder who disappeared immediately after the shooting. No description of him was obtained.

While the jury was in session, the funeral of Boyce took place. The procession passed within a block of the jail in which Snead was confined.

SPORTING EVENTS

St. Louis	57	81	.413
Brooklyn	50	86	.368
Boston	43	93	.316

Philadelphia, Sept. 16.—Philadelphia was shut out in both games here by Cincinnati today, the scores being 6 to 0 and 1 to 0. In the first game Rixey was hit hard and was taken off the rubber in the fifth inning, during which Cincinnati made five runs. In this game Knizley made three successive two-baggers. Alexander's two-passes and a single by Phelan in the fourth inning gave the visitors the only tally of the second contest. Fromme and Benton were very effective in both games.

Cincinnati .....000 051 000—6 13 1
Philadelphia ....000 000 000—0 4 1

Fromme and Severoid; Rixey, Mayer, Finneran and Killifer; time 1:37; umpires Finneran and Rigler.

Second game:

Cincinnati .....000 100 000—1 6 0
Philadelphia ....000 000 000—0 5 1

Benton and Clarke; Alexander, Moore and Dooin; time 1:30. Umpires Rigler and Finneran.

Brooklyn, Sept. 16.—Robinson let Brooklyn down with three hits today. Ragon was very effective except in the second inning, when Wagner tripled and scored on Wilson's homer over right field fence. Knetzer did not allow a hit in the last two innings.

Pittsburg .....020 000 000—2 3 0
Brooklyn .....100 000 000—1 3 1

Robinson and Gibson; Ragon, Knetzer and O'Miller; time 1:16; umpires Orth and Klem.

Boston, Sept. 16.—Boston had no difficulty in winning from St. Louis today 8 to 4. The locals scored seven runs on half a dozen hits off Woodburn and an error and a pass in the second inning.

Boston .....070 000 01x—8 9 3
St. Louis .....101 100 001—4 8 4

Tyler, Dickson and Rariden; Woodburn, Perritt, Burke and Snyder; time 2:06; umpires Johnstone and Eason.

New York, Sept. 16.—Chicago defeated New York today 4 to 3. This assures to the Cubs the victors' end of their year's series with the Giants. Mathewson was hit hard, though many of the drives went directly at the New York fielders. Archer's home run in the seventh resulted in Chicago's winning run. Lavender was knocked out of the box by New York in four innings, but the champions made only two hits off Reulbach.

Chicago .....001 011 100—4 10 1
New York .....002 100 000—3 6 3

Lavender, Reulbach and Archer; Mathewson and Wilson; time 1:34; umpires Brennan and Owens.

EL TIGRE RELIEVED.

Rich Mining Camp is Retaken by Federals—Rebels Flee.

Douglas, Ariz., Sept. 16.—El Tigre, one of the richest mining camps in Northern Mexico, was retaken by Federals at 4:30 o'clock this afternoon, after having been in the hands of the rebel band of Inez Salazar for two days.

Telegraph communication with the camp was restored just as the Federal troops were moving in and Superintendent L. R. Budrow telephoned that the rebels were still in sight, going over the hills. Not a shot was fired in the re-capture of the town.

A hundred Federals, chiefly Yaqui Indians, marched into the town and the small band of rebels that had remained to await the reply to the demand for $100,000 ransom took to the hills.

They are reported to have taken with them $20,000 worth of gold and silver bullion. News of the relief of El Tigre was received here with much rejoicing. There had been disquieting rumors all day of mistreatment of Americans by rebels.

ON GRAND CIRCUIT

Baby Trotters Furnish The Only Real Contest at Detroit

Detroit, Sept. 16.—The baby trotters furnished the only real contest and practically all the excitement this afternoon at the first day's meeting of Detroit's second Grand Circuit meeting at the Michigan State fair grounds. After the first three events on the programme had been decided in straight heats, the youngsters came out and staged as pretty a contest as ever seen on the local track, Lord Allen, Dillon Axworthy and Sweet Alice each winning one seat. The race then went over until tomorrow because of darkness.

Alexandria, Va., Sept. 16.—Frank P. Evans and Charles Dearbarn, both of this place, were nominated for Congress and Presidential elector, respectively by the Progressive party of the Eighth Virginia district, in convention here today.

Many Driven From Home

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

Standing of the Clubs.

Club:	Won.	Lost.	P.C.
Boston	97	39	.713
Philadelphia	82	56	.594
Washington	82	57	.590
Chicago	67	69	.493
Detroit	64	75	.460
Cleveland	62	76	.449
New York	48	88	.353
St. Louis	47	89	.345

Cleveland, Sept. 16.—Both Mitchell and Plank pitched brilliant ball today, but errors returned Philadelphia the victor 8 to 0.

Mitchell's error allowed Philadelphia's first run in the sixth inning. In the seventh, with two out, Lajoie made two miscues and seven runs resulted.

Cleveland .....000 000 000—0 4 6
Philadelphia ....000 001 700—8 9 1

Mitchell, Walker and Carisch and Naegleson; Plank and Egan; time 2:05; umpires O'Loughlin and Westervelt.

RESULT OF THE DRAFT.

Seventy-Seven Minor Leaguers Picked—St. Louis Browns Get 16.

Cincinnati, Sept. 16.—Seventy-seven minor league players were today drafted by major league clubs at the annual meeting of the National Baseball Commission here. Of this number 47 will enter the American League, either during the remainder of this season or the beginning of the next, while the National League, through the fortune of the draw, obtained 30 men. Of the individual teams the St. Louis Americans were by far the more fortunate, inasmuch as 16 new faces will be seen on this team in the near future. The next to approach the St. Louis Americans in point of numbers is the Chicago National League club, which secured seven men by draft. The Washington, Detroit and Chicago Americans and Cincinnati and Boston Nationals each drew six lucky slips from the hat. The Philadelphia Americans got five, while the Cleveland and New York Americans and St. Louis Nationals each obtained four men. The Pittsburg Nationals got three, Philadelphia and Brooklyn Nationals two each, while the Boston Americans and the New York Nationals drew blanks and did not secure a man. The contest for the more valuable players was more keen this year than is usual. Almost every man obtained from the class AA or class A teams was drafted by from two to 13 teams.

The commission announced that the rules and schedule for the world's championship baseball series would not be announced until the winner of both the National and American Leagues had been definitely decided.

The visitors, baseball presidents and managers were entertained at a huge baseball banquet at the Laughrey Club tonight as the guests of Chairman Herrmann, of the commission.

Among the miscellaneous drafts allowed by the commission from various clubs in leagues other than Class AA and Class A were: Newport News, Va., Bates, by Cleveland Americans; Roanoke, Va., Garden, by Detroit; Danville, Va., Graham, by Chicago Americans; Morristown, Tenn., Grubb, by Cleveland; Cleveland, Tenn., Thrasher, by St. Louis Americans; Knoxville, Morley, by Washington, and Wilson by Cleveland; Clarksville, Tenn., Basham, by St. LouisAmericans.

BULL MOOSERS WIN

State Dispatch Allowed to Publish Progressive Editorials

Greensboro, N. C., Sept. 16.—Roosevelt and Johnson sympathizers among the stockholders of the State Dispatch, a newspaper published at Burlington, N. C., tonight won a temporary victory over the Taft and Sherman element of stockholders when Superior Court Judge H. M. Whedbee granted an order restraining the transfer of stock or further meetings, but until further hearing of facts, refused to restrain the editor of the paper from publishing editorials advocating Roosevelt and Johnson and the Progressive cause. Judge Whedbee postponed the hearing until September 30, when, at Durham, he will inquire further into the facts surrounding the meeting of stockholders at which it was determined to put the influence of the paper behind the Roosevelt and Johnson ticket, notwithstanding the paper had been incorporated "to espouse the cause of the Republican party and give support to candidates of that party."

In declinig to issue a temporary writ restraining the publication of Progressive doctrine, pending the final hearing, Judge Whedbee said that such an act, without full acquaintance with all the facts, could easily be construed as interfering with the liberty of the press and of free speech.

HAYWOOD HELD FOR TRIAL

Industrial Workers' Organizer Pleads Not Guilty to Indictments

Lawrence, Mass., Sept. 16.—Wm. D. Haywood, general organizer of the Industrial Workers of the World, pleaded not guilty before Judge John F. Quinn in the Superior Court here today to two indictments charging him with conspiracy in connection with last Winter's textile strike in this city. He was held for trial under $1,000 bonds. No date for the trial was set.

There were 22 counts in the two indictments. In both cases Haywood was charged with "conspiracy to injure and intimidate" mill operatives. The first indictment alleged conspiracy with Joseph J. Ettor, Arturo Giovannitti and Ettore Giannini and the others named Wm. E. Trautman, Edward Rossini, James P. Thompson, Wm. Yates, Thomas Hallidoy, Gildo Mazzarella and Giannini.

When Haywood was called upon to plead to the indictments he started to address the court, saying: "I am not guilty. My only efforts were to get bread for the mill slaves."

He was not allowed by the court to proceed.

MAXTON NEWS NOTES.

Mr. John Southerland Stricken—Cotton Crop—Other Items.

(Special Star Correspondence.)

Maxton, N. C., Sept. 14.—This afternoon between 2 and 3 o'clock while Mr. Jno. Southerland, of Scotland county, was coming from his home to Maxton with his nephew, Mr. B. W. Phillips, he was stricken with paralysis, his entire right side being affected. Immediately on his arrival here he was taken from the car direct to the office of Dr. L. R. Kirkpatrick and Drs. Kirkpatrick and Harris summoned. Later he was moved to the home of Mr. A. H. Currie where he is at present resting fairly well. Mr. Southerland is about 70 years of age, and his friends entertain grave fears for his ultimate recovery. He was a soldier of the Confederacy and a braver man than he never shouldered musket and faced death in defense of home and country.

Work at Carolina Methodist College is moving on apace and Contractor Waddell expects to turn it over to President S. E. Mercer in plenty of time for the opening, September 25th. President Mercer expects to open with at least 50 pupils and a full corps of teachers. The completion of this college and its opening for the reception of pupils will mean a great deal for Maxton and for the cause of education in general.

The cotton crop in this vicinity is going to be short indeed compared with last season's crop. Besides the unfavorable weather during a part of the growing season insect pests have appeared and have done quite a good bit of damage. At one time the fields were ravaged by the red spider and most of the foliage dropped off the plants. These seem now to have entirely disappeared and fields that three weeks ago were bare are now green with new foliage.

"Let the cat out of the bag" is the form of announcement made by Miss Margaret Baldwin, a niece of Hon. G. B. Patterson, when she made known to her friends the approaching marriage of herself and Mr. E. T. Carrowan, local agent for the Atlantic Coast Line Railroad. The announcement of this marriage, to take place October 23rd, was received here and elsewhere with much interest by the friends of both parties. Miss Baldwin is a native Maxtonian, while Mr. Carrowan came here two years ago from Washington, N. C.

The Maxton Real Estate & Development Co., is making arrangements for a land sale here on the same day of the opening of Carolina College, September 25th. This property lies to the northeast of the town and is quite desirable as a residence section. The sale is to be conducted by the Penny Bros., of Greensboro, N. C.

The Maxton Graded School opened recently with an increased enrollment and with a full corps of teachers. Three new members appear in the faculty, Miss Hazel Morrison, of Maxton; Miss Fannie McClees, of Oriental, N. C., and Miss Emma Jones, of Reidsville. This latter teacher will have charge of the music and will teach sight singing in all grades. This is a new departure for this school and its development will be watched with much interest.

TRINITY COLLEGE

Opening Preliminaries About Over—Athletics and Societies

(Special Star Correspondence.)

Durham, N. C., Sept. 16.—The confusion attending the opening of college has about died down now, and work is beginning in earnest among the students at Trinity College. It is announced by the registrar that there are 178 new students enrolled this year. Several more now men are expected before the end of this month.

The Ministerial Band of Trinity College held its first meeting Friday night. This organization is composed of students studying for the ministry. The purpose of the meeting was to arrange a course of work for the ensuing year. Several new members from the freshman class were taken into the organization.

The Hesperian and Columbian Literary societies will hold their first meeting in their new halls tonight. The Hesperian Society will give an open-house debate tonight, in which impromptu speeches will be made by various members of the society. This is done in order to give the new men, all of whom are invited to attend the meeting, an opportunity to see the class of work done in this society on short notice. The question discussed tonight is "Resolved, That the Philippine Islands Should Henceforth Be Held Dependent to the United States." The Columbian Society has not given out the nature of their programme for tonight. No new members will be taken into either society until the third meeting. This gives the new men ample time to visit both societies and decide which they prefer to unite themselves with.

It was rumored that the baseball team for this season would suffer on account of several of last year's star players being out of college this year. The rumor now proves to be unfounded, however, for the greater part of last year's team are again in college. Captain "Kid" Anderson and Manager G. A. Warlick are now arranging a series of ball games to be played with the Durham Hosiery Mill team. The Hosiery Mill has one of the best amateur teams of the State. However, the college boys count on taking the series.

Basketball practice will probably begin next week. The outlook for a winning basketball team is not as bright as it might be. Nearly all of last season's players are out of college this year. "Little Jennie Brinn," last year's captain and brilliant forward, and "Brig" Cherry are the only two members of the former team back here. There is plenty of good basketball material that can be developed with practice, Captain Card, Trinity's coach, says; so we are not despairing of putting out a winning team after all.

The Trinity Park School opened Wednesday with an attendance of 138 students. This school is run as a preparatory school to Trinity College, and the present enrollment is considered very fine for this time of the year, for as a rule many students enter the prep school later in the year, especially after Christmas.

The awful tragedy which took place at Chapel Hill Thursday night has cast a pall of gloom over this community. Hazing is a thing that is not tolerated at Trinity College in the slightest form.

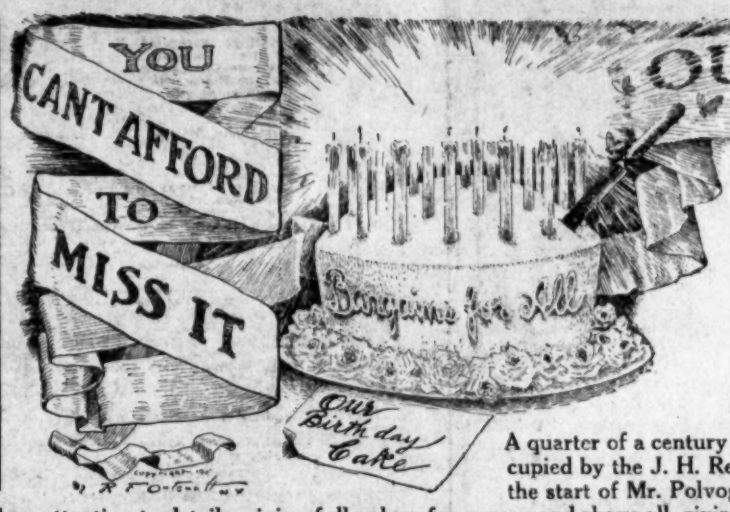
OUR SILVER ANNIVERSARY SALE!

10 Days of REAL BARGAINS = Our 25th ANNIVERSARY IN BUSINESS



NO SILVER SOUVENIRS BUT REAL BARGAIN GIVING

Sept. 18 to 28

Ten Days of Bargain-Giving!

Twenty-Five Years of Merchandising in Wilmington!

A quarter of a century ago this month, the head of our firm, Mr. Polvogt, embarked in business with Mr. J. H. Rehder in one of the stores now occupied by the J. H. Rehder & Co. In reference to the establishment and development of THE C. W. POLVOGT CO., we might state that at the start of Mr. Polvogt's career he was a bundle boy for the establishment he now owns. This business was built up to its present proportions by hard work, close attention to details, giving full values for money and above all, giving satisfaction to patrons, even at a sacrifice. We take this method of thanking our friends and the public for their liberal patronage during the past 25 years and to celebrate our 25th anniversary we are going to give away a part of our profits for 10 days by having an ANNIVERSARY SALE from

Wednesday, September 18th to Saturday, Sept. 28th, Inclusive

THE C. W. POLVOGT COMPANY

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, September 17, 1912.

If you strike a man favorably don't hit him for the loan of a ten spot.

Where and how did Hearst get the letters which no man dare dispute?

The reason some men fear to "show their colors" is that they are not sure they are on the right side.

Farm production is not equal to the demand because a great many men, instead of going back to the farm, "go back on" the farm.

Under the postal regulations in England a girl can send herself by mail, in North Carolina the male would rather be sent with the girl.

Mr. T. F. Spink, of Washington, Ind., writes the Louisville Courier-Journal to make a revelation. He says "T. R." means Theodore Rex." It might also stand for Tirtium Regnum.

Eight married women in an Ohio town tarred and feathered a pretty young girl and told her to leave town. With her costume of feathers, the girl was properly dressed up for her flight from town.

Quite a number of Democratic leaders are repudiating each other to get votes, but it only furnishes Republicans reasons for not voting for men who are blacking each other's political record.

Kicking the "houn' dawg aroun'," is different from kicking your political opponent around. In the case of President Taft we have always feared arousement of the sentiment which sympathizes with the under dog in the fight.

Line up for Wilson and get a President against whom none of them can make a charge. Let us elect the man who has not even a whisper against him, but who is clean and fights the unclean. Send the Star a dollar to elect the clean President.

Baltimore is building a recreation pier on the harbor front. It will have seats, promenades, gardens, a dance pavilion, and a concert stand. Wilmington could have one by co-operating with Capt. John W. Harper in combining his wharf with the city dock at the foot of Princess street.

Mayor Swift, of Fargo, N. D., so conducted the affairs of the city that the city declared a dividend of 6 1-2 per cent. for the benefit of the taxpayers. Of course that means that the city treasury contained a surplus and that is where its management differs from administrations which generally have a deficit.

Taft says the tariff must be perpetuated by the Republicans, and Roosevelt declares that it must not be destroyed by the Democrats. That makes both of them standpatters and totally out of touch with the people who are tired being burdened with taxes to enrich others and strengthen the hands of monopolists.

It is said the Tobacco Trust is continuing to rob the tobacco growers of North Carolina, but we do not understand that, since the reports from the markets say the farmers are satisfied with prices this year. However, if the trust is robbing the farmers, nobody has taken any steps to get out an injunction against the trust. The situation is funny.

Gyp the Blood, Lefty Louie, Wesley Edwards, and Sidna Allen finally fell into the hands of the detectives who watched the women in whom the three first named were interested. There are very few cases in which women do not figure and men either get caught by them or on account of them. To do good detective work, find the woman in the case.

A NOVEL STRIKE.

It is announced that there is quite likely to be a general strike of textile workers all over the United States as a protest against the treatment of Ettor and Giovannitti, two textile workers who were leaders in the last Winter's mill strike at Lawrence, Mass. It is said this novel strike will be declared before the first of October.

Ettor and Giovannitti are in prison at Lawrence and have been held several months without bail because a woman was killed when the police were called out to quiet disorderly strikers. It is said the police fired into the strikers and killed a woman, and yet the strike leaders and not the police are held responsible. In fact, the two strike leaders, who have been held in prison several months, were many miles away when the riot was going on and in no way were they directly responsible for the killing of the woman. Many persons have come forward to declare that the two men, instead of inciting riot, always counselled order, and there seems little ground for doubting that they are deprived of their liberty without reason and contrary to the constitution.

It is said there is no evidence to show that their influence was in behalf of lawlessness. However, they were arrested on the charge of being accessories to murder before the fact, because they were leaders of the strike and therefore indirectly responsible for the loss of life. The charges are far fetched and such men as Prof. Taussig, of Harvard University, and Jacob Loeb, of the Rockefeller Institute, have protested that the manner of depriving Ettor and Giovannitti of their liberty is outrageous and contrary to law. There has been no attempt on the part of the prosecution to connect these men directly with the killing, for in any event it was not murder but a bailable matter. Nevertheless, they were put in jail and they are there yet, pending trial which has been indefinitely postponed. Concerning this singular and seemingly unjustifiable course in a free country, the New York Globe remarks:

"In view of the fact that men of standing in the community, such as Profs. Taussig and Loeb, should have taken the stand they have, and that in the mind of all fair-minded observers outside of Lawrence and the mill-towns, where passion runs high, these two men have been unfairly and oppressively treated by the Lawrence authorities, the general strike ordered as a protest by the defense committee is comprehensible if illogical. The men feel that they have not been fairly met by the employers, who, in their opinion, control the courts."

That seems to be about the size of it. If these men are to be held, the mill managers also ought to be held until responsibility for the strike is fixed on either the strike leaders or the mill owners. Whoever is responsible for the strike is in a way responsible for the loss of life, and nobody will know until a court trial fixes the responsibility. It will come pretty nearly being fixed on the mill owners, for investigation has shown that the bad conditions and starvation wages paid fully justified the strike. This is one of the most highly protected industries in the country, and yet some of the operatives earned only $7 a week to the family. Recently one of the mill managers was arrested on proof that he planted dynamite to throw suspicion on the strikers. The whole affair looks like a case for investigation by the courts to ascertain who is indirectly responsible for the woman's death—the mill management or the strike leaders.

If there is to be a strike all over the country, including operatives in the North Carolina mills, it will be something new under the sun in free America. It will be something like the strikes in Russia, which really are revolutionary protests.

THE FARMER AND HIS VOTE

It is an old dodge with candidates to tell farmers as how they once pulled the line over a mule's back, ran furrows, and were raised on a farm. Farmers don't care a hill of beans about that. They want to know what the candidates have been doing since they deserted the farm and have spent years in public life. The horny-handed sons of toil would like to know what, in all their boasted career, the average politician has ever done to promote the cause of agriculture, the greatest interest in the country, and what in all their record shows that, in any degree, it has been devoted to promote the interests of the farmers. Our opinion about it is that the average farmer doesn't care for the kindly interest of public men but would like to have them point to some constructive work that has been calculated to either protect the farmers or modernize and relieve farming conditions. We fancy that the records of most officeseekers have very little in them that is agricultural and constructive rather than merely political. Doubtless, the farmers would be astonished to know how little many candidates know about farmers except to cultivate them during election years for their votes. We know that farmers often have a good laugh among themselves, and we have been wondering during this campaign whether or not farmers have not been amused at having their votes solicited by candidates who favor putting agricultural products on the free list without putting farm supplies, agricultural implements, and farm necessaries on the same free list. Of course, it would only be fair to farmers to let them share equally in an exchange of benefits but the farmers are being told that a certain candidate who insisted that farmers should have as much share in reciprocity as several big interests, is not a Democrat in good standing. We wonder how a man can be a Democrat if he does not stand by the farmers? It amuses us, and it also must amuse farmers, when they are told that a man who voted for free implements and free farm supplies flew the Democratic track. Of course, it is all politics, but it is funny politics and necessarily provoking of many a good laugh.

This is not intended to influence the votes of the farmers. They should vote to suit themselves, but they should not vote under the idea that a man is not a Democrat when he showed his hand on the right side in a square deal for the farmers.

OUR PRODUCTIVE VERSATILITY

The tremendous possibilities for agriculture in eastern North Carolina are nothing less than astonishing when we consider the great versality of our lands and climate. Only a cursory reading of the local newspapers in the counties all around Wilmington is necessary to emphasize how marvelous is the adaptibility of this section for the production of money crops. Agriculture which brings in the ready cash can be diversified here more widely than in any other portion of America, while the agricultural supremacy of eastern North Carolina is heightened by the fact that this great producing region is within less than a day's run of the biggest consuming markets in the New World.

We do not begin to realize and appreciate the colossal advantages possessed by all this country in tidal North Carolina. How infinite in variety are our money crops. This is the ideal cotton-growing region of the South and it only takes a glimpse at the government reports to show that North Carolina leads the entire cotton belt in production per acre. No need to mention the unlimited and infinite adaptibilities of this section for the production of early vegetables and truck to feed the consumers of our various cities. No need to mention the fact that lands close to Wilmington will this season produce from 50 to 100 bushels of corn. We shall ignore the showing of a farmer who netted $277 from one acre in sweet potatoes, but let us incidentally refer to the fact that among all our money crops we must take into consideration the fact that this section is a premier tobacco region.

The Eastern Carolina News, published at Kennansville, Duplin county, says the tobacco warehouses at Warsaw and Wallace are selling large quantities of the weed, and that "the growers are realizing a handsome profit on their crops," which they are rushing to market "on account of the prevailing high prices." That presents a picture of prosperity that is striking. From other papers comes news of the prosperity of the tobacco growers, some of whom have raked in as high as $400 an acre for their crops. This is astonishing when it is so well known that tobacco is only one of many crops which make land in this region as good as a gold mine.

Most everybody who gets into trouble despises the New York papers. The papers can't help it when men will get into trouble and receive a lot of undesirable publicity.

CURRENT COMMENT.

Mr. Craig can ignore the challenge of Mr. Settle and nobody will say that he was afraid to meet the self-government advocate. A man who will go against Judge Pritchard as did Mr. Craig is not afraid of anybody.—Durham Herald (Ind.)

The Wisconsin man who started a ranch for breeding black foxes and has now sold a black vixen for $1,300 has the laugh on his neighbors who ridiculed the scheme. Why should not others find profit in breeding wild animals and game? The news of the death of a passenger pigeon, which had been kept in captivity for years in New Jersey, is of interest in this connection.—New York World.

Considerable adverse comment has arisen in North Carolina over Mr. Bryan's effort at supervisory action in the matter of the selection of a United States Senator from that State. The Commoner is opposed to the election of Mr. Simmons on the ground that he is a reactionary and therefore should be without the pale of Democratic support. An ardent admirer of Mr. Bryan endeavors to meet the criticism by saying that Mr. Bryan's antagonism to Mr. Simmons is on a par with that of Governor Wilson of New Jersey in his opposition to the selection of James Smith for the Senate. We humbly suggest consideration of the fact that Mr. Smith desires to be Senator from the State of New Jersey, of which Mr. Wilson is Governor, while Mr. Simmons' ambition is to be a Senator from the State of North Carolina. We believe Mr. Bryan is a citizen of Nebraska and not of North Carolina. Does not this fact in itself form a reasonable basis for the adverse comment alluded to; is there a State in the Union that does not resent dictation from beyond its borders?—Norfolk Virginia-Pilot.

Neither the Democratic Executive Committee nor the people of South Carolina show any indications of being scared by threats of shotguns and civil war by Blease supporters in the event that Gov. Blease isn't declared to be the nominee for Governor of that State. The men back of the protest against the showing on the face of the returns in the recent primary and of the demand for a thorough investigation of the charges of fraud and irregularity in that election are not the sort to be intimidated by a talk of violence. They recognize that they have a duty to perform and they are going to do it, no matter who is hurt. If Gov. Blease got his majority honestly he will get the nomination. If irregularities and frauds were committed in his interest of such importance as to give him the majority which the ballot boxes showed, the Democratic Executive Committee will not declare him to be the nominee of the party for Governor. We don't undertake to say that frauds were committed. We only know that it is admitted that the vote was so extraordinarily large, so much larger than that in any previous election, that the people were amazed. They can't figure out where so many votes came from. It is claimed that more votes were cast than there are white voters in the State.—Savannah News.

Because several negroes sought to participate in the Richmond Democratic primary and were denied the privilege the Petersburg Index-Appeal contends that the course pursued was wrong. "It is impossible," says the Index-Appeal, "to see how the negro can be denied the right to vote in a Democratic primary, held under the laws of the State of Virginia. It was different under purely party primary, which was not recognized by law, but under the new law a negro cannot be excluded from participation in the primary election on the ground that he is a negro, any more than he can be excluded from participation in a general election on that ground." Of course, this argument is theoretically sound and practically worthless in equal degree. Negroes were, in fact, excluded from the Richmond Democratic primary, and they can be excluded, in fact, from Democratic primaries anywhere. Recourse to the courts might occur, but would not really count. The well-known truth is that things have been happening to the fanactical and always morally invalid Fifteenth Amendment by general consent. Yet, besides our Virginia contemporary's impeachment of legalized primaries on this ground, we find some people in South Carolina asserting that to enact legislation for an honest primary where no safeguards against unlimited fraud now exist would be to bring the negro voter back. Probably most of them know better themselves. No question of the negro need influence or prevent legislation for primaries in any Southern State.—Charlotte Observer.

DEATH FROM PTOMAINE.

Young Man Loses Life and Others Sick in Nash County.

(Special Star Correspondence.)

Rocky Mount, N. C., Sept. 16.—One young man is dead, and there are several others in a most serious condition, litle hope being held out for two other persons, who are extremely ill, as the result of ptomaine poison from ice cream served at a party near Red Oak, in Nash county, one night last week. The details as learned in this city are to the effect that one night last week there was held an ice cream supper at the home of Mr. F. C. Kenneday, on the Jourdan Brewer place, one mile from Red Oak, and there was in attendance young people from over that section, in this number there being included Mr. John Collins, who died on yesterday afternoon, following a week of suffering, while there are several others who are extremely ill and the death of a young lady who was in attendance is expected almost hourly, physicians having given up hope.

The ice cream is thought to have been poisoned by being allowed to stand packed over night, it having been made at a late hour Saturday afternoon and it was served on Sunday evening. Every one of the young people who ate the cream have been seriously ill, there being some dozen or more of them present, and in each instance the illness has been of a most serious nature and it is feared that not one of them is yet past the danger point.

The young man who succumbed to the attack is the 24-year-old son of Mr. F. M. Collins, a prominent planter of the Red Oak section. Mr. John Collins was held in high esteem by a host of friends through Nash county and in this city and the facts of his untimely death will be learned with regret. The funeral was held on Monday afternoon after which interment was made in the family burying ground near Red Oak.

DON'T SUFFER FROM ECZEMA

A new treatment has recently been discovered by a prominent physician which is guaranteed to cure all skin diseases or blemishes. This new treatment is called Hokara and is not only greaseless and antiseptic, but contains no lead, mercury or anything that will injure the most delicate skin.

Wonderful and gratifying results follow its use and it is guaranteed to quickly relieve and cure the most obstinate and chronic cases of eczema, pimples, ulcers, itch, piles, etc.

Get a jar today and if not satisfactory when used as directed we will return your money if you will bring back empty jar.

Liberal jar 25c, larger sizes 50c. and $1.00.

GATE CITY AFFAIRS.

Sunday Casualties—Superior Court. Republican Paper Torn.

(Special Star Correspondence.)

Greensboro, N. C., Sept. 16.—J. H. Stack, a middle-aged white man, of High Point, was run over and his head crushed to a pulp by a shifting engine on the yards of the Southern Railway here. Stack had been removed from the track just a short while before he was killed, by the crew of a passenger train and it is supposed he had wandered back and gone to sleep on the track. The man was in an irresponsible condition, supposed to have been caused from drink.

Driving without license and with an unnumbered car, L. F. Brunt, of this city, yesterday afternoon ran down and painfully injured N. J. Saleeby, Elias White and S. S. Hagan, three members of the local Assyrian colony. All three were painfully hurt, though it is not thought seriously and were carried to St. Leo's hospital where they were given medical treatment. Brunt, the driver of the car, was held on a warrant charging careless and reckless driving. He furnished a bond of $100.

Judge Harry W. Whedbee, of Pitt county, opens here today a one week term of Superior Court for the trial of criminal cases. One a very small docket confronts him, none of the cases being of any importance. The case which has generally been regarded as the most important on the docket, that against the Lambeth brothers, charged with a conspiracy against Margaret Moffit, will be nol prossed, it being understood that the Lambeths and the young woman have reached a compromise.

A novel and interesting legal point will be raised here today when attorneys representing certain stockholders of the State Dispatch, a Republican paper published at Burlington, will apply to Judge Whedbe for a writ restraining the editor of that paper from publishing any article calculated to boost the candidacy of Roosevelt and Johnson. When the charter for the paper was granted, it was understood that the paper was to support Republican principles and it did until shortly after the convention, when it, by order of a majority of the stockholders, it is said, went to the Bull Moose. Now the minority of the stockholders want the instructions in the charter lived up to.

ATTACKS TAFT AND TEDDY.

Bryan Criticises Both In Ringing Speech at Greeley, Colo.

Greeley, Colo., Sept. 16.—In a speech here today Wm. J. Bryan characterized President Taft as "the man who went into office with a million majority and who will go out by unanimous consent."

Mr. Bryan referred to Theodore Roosevelt as "the most dangerous man in the country." He criticised the actions of Roosevelt while President by permitting the absorption of the Tennessee Coal & Iron Company by the United States Steel Corporation. He said the former President recognized the trusts as permanent institutions, free from competition, while he recognized competition as legitimate in all other lines of human endeavor.

MRS. STEVENS RECOVERS

After Years of Suffering. Tells How Her Health Was Regained.

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to you for special advice. In a short time I had regained my health and am now strong and well."—Mrs. SALLIE STEVENS, R.F.D., No. 2, Comanche, Okla.

Another Woman Recovers.

Newton, N.H.—"For five years I suffered from female weakness and dragging down pains. Lydia E. Pinkham's Vegetable Compound has restored my health and the pains are gone."—Mrs. F. A. PEASLEE, R. F. D., Box 88.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Maryland Casualty Company

LEADS—OTHERS FOLLOW.

The following figures show premiums received by various Casualty Companies in North Carolina for year ending December 31st, 1911, as shown by State Insurance Commissioner's Report:

Quit "get-rich-quick" Speculation

How many times have you said, or your friends said: "I cannot, because **I have not got the money?"** How many good business chances have had to be passed up because you did not have the money? "Get-Rich-Quick" speculation is the worst thing a man can do with his money. If the enterprise into which some smooth stranger asks you to put your money were such a good one he would keep it—not sell it to you.

Do **your** banking with **us.**

We pay 4 per cent. interest, compounded quarterly.

FEDERAL JURORS DRAWN

Those Who Are to Serve at the November Term of United States Court Selected Yesterday by the Clerk.

Mr. S. P. Collier, Clerk of the United States Court for this district, yesterday drew the jurors who are to serve at the Fall term of Federal Court, which convenes in this city Tuesday morning, November 12th, at 10 o'clock. The term is for two weeks and jurors for both weeks were drawn. The jurors drawn for the first week are as follows:

Brunswick county—R. L. Sellers, C. E. Regan, D. G. Hewett.

Bladen—D. L. Roberts, W. H. Regan, F. L. Singletary, W. F. Devane.

Columbus—H. C. Grainger, Oliver Moffitt, Frank Spivey, Olin Brown.

Cumberland—H. A. Bain, Justin Nowell, J. M. Cole.

Duplin—D. W. Fussell, Major F. Ivey, W. H. Register, J. W. Taylor.

New Hanover—A. O. Osborne, Geo. O. Gaylord, Henry K. Nash, David D. Barber, Joseph H. Watters, Wm. H. Green.

Pender—J. A. Dew, J. B. Scott, John Corbett.

Richmond—Fred Dockery, N. A. Wilkes, John S. Covington, D. O. Cameron.

Robeson—John Leach, C. H. Lewis, E. T. Taylor, P. R. Floyd.

Sampson—James H. Melvin, John W. Herring, J. Bedford Williamson.

Scotland—D. A. Smith, G. W. Goodwyn, A. F. Patterson, Rowland Covington.

And the following named jurors are to serve for the second week, beginning Monday, November 18th:

Brunswick—Dempsey Hewett, J. B. Fountain.

Bladen—W. J. Davis.

Columbus—J. N. Chancy.

Cumberland—Isaac Strickland, A. J. Barrett.

Duplin—T. V. Rivenbark.

New Hanover—C. B. Bellois, Julius Sternberger, J. E. Marshburn, A. S. Winstead.

Pender—George T. Jones, O. P. Wilson.

Richmond—R. L. Nichols, Jr.

Robeson—A. H. Stone.

Sampson—Robert L. Butler, Haywood Dixon.

Scotland—H. W. McLaurin.

DEATH OF CHAS. E. FRENCH, JR.

Mr. Geo. R. French received on yesterday a telegram from Minneapolis, Minn., announcing the passing of his nephew, Chas. E. French, Jr., and only son of his brother, Mr. Chas. E. French. The death of this young man is peculiarly sad and a great blow to his father, who anticipated much comfort in his companionship. The young man has spent several years at the University of Virginia and last Fall left there to go to Columbia University, New York, to complete a special course and while there was taken with a severe attack of bronchial tuberculosis and returning to his home, he was soon confined to his room and had a rapid case. This young Mr. French spent several weeks here some three years ago and met many of the old friends of his father and many of the young people of the city. He was a very attractive young man, had a very sprightly, active mind and was exceedingly clever and became a great favorite with the young set, many of whom remember him and will regret to learn of his demise. He was in his early manhood, being in his 22nd year and the prospect for his success in his profession was very flattering and is a great distress to his father and friends that he should so soon be cut down in the heyday of youth. Interment will be in the cemetery, Minneapolis, Minn.

"Leaves have their time to fall,
And flowers to wither at the North wind's breath,
And stars to set. But all,
Thou hast all seasons, for thine own, O Death."

DIED IN SAVANNAH.

Young Mr. A. T. Peterson Passed Away in Georgia—Funeral.

Many friends in Wilmington and at Burgaw, his former home, will hear with sincere sorrow of the death of Mr. A. T. Peterson, son of Mr. H. E. Peterson, of Burgaw, N. C., and for some time employed in the office of Auditor of Passenger Receipts of the Atlantic Coast Line in this city. Young Mr. Peterson passed awhy in Savannah, Ga., where he had gone to visit relatives and spend some time on his vacation. He became ill while there and was taken to a hospital where his death ensued. He was 24 years of age and was held in the highest esteem wherever he was known. His father was with him when the end came. The body will be brought to Burgaw for funeral and interment.

BIDS OPENED YESTERDAY.

Proposals for Masonry and Plumbing in Market House Improvements.

Proposals for improvements of the Front street market house were received yesterday at noon by Mayor Joseph D. Smith in the treasurer's office. Bids were only received for concrete and masonry work and plumbing, no bids being submitted for carpenter work. No award was made yesterday. The bids submitted are as follows:

Furnishing material and doing plumbing—D. L. T. Capps, $930; Prease Bros. Co., $931.60; W. R. Dosker & Co., $1,190.

Material and labor for masonry and concrete—Meier's marble yard, $2,064; Wm. L. DeRosset, $2,473.78.

Army Visitors Were Here.

Maj. Andrew Crawford, division officer of the Salvation Army in the South Atlantic States, and Staff Capt. Quirk, of Atlanta, Ga., spent Saturday and Sunday here on an official visit to the local post in charge of Adjt. and Mrs. D. Mataxas. Several meetings were held during the stay of the visitors and all were largely attended and keen interest was shown. The meeting Sunday night was especially large the capacity of the hall being overtaxed.

AN EXCELLENT NIGHTCAP.

Horsford's Acid Phosphate.

A little Horsford's Acid Phosphate in water on retiring induces restful sleep.

THE RECORDER'S COURT.

Several Cases Were Heard at Yesterday Morning's Sitting.

Substitute George Harriss presided over yesterday's session of the Recorder's court and there were a number of cases for his consideration, but none of any special importance or interest. The principal case was one in which George Holland, colored, was charged with housebreaking, it being alleged that he entered the home of Mrs. Kenan and stole a Smith & Wesson pistol and a pair of opera glasses. The warrant was amended to charge larceny of the opera glasses and the defendant was given 12 months on the county roads, from which his attorney, Wm. J. Bellamy, Esq., announced that he would appeal. In default of $250 bond the negro went to jail.

John Simmons, colored, charged with assault with deadly weapon, to-wit: a stick, on Dennis Benson, colored, was fined $25 and costs. Nathaniel Ballard, colored, was required to pay a fine of $10 and costs for assault on a female, Viola Johnson. James McIntire and John McIntire, charged with assault on Gary Smith, colored, was remanded to Justice Harriss, as the defendants were arrested on a warrant from him on Sunday, whereas they were not arrested on the warrant from the Recorder's court until yesterday. Two cases against Buck Hill, colored, one charging him with huckstering without license and the other with running a wagon without a number on it, were nol prossed. Gary Smith, colored, for disorderly conduct, was fined $5 and costs. A case against Lonie Frink, a white boy, for disorderly conduct, was nol prosed. Geo. Teachey, colored, charged with assault on a female, was fined $10 and costs. Mrs. Squires was found not guilty of a charge of cruelty to animals. It was alleged that one of her teams had been overloaded. Clarence Spicer, colored, was sentenced to 30 days on the roads on a charge of gambling, judgment being suspended, however, upon payment of the costs on condition that he do not appear in court again on a similar charge. A nol pros was taken in a case against Lee Daniels, colored, charged with the larceny of some articles from Julia Moore, colored.

George Baldwin, son of Rev. M. L. Baldwin, colored, was tried on a charge of assault and battery on Albert Winberg, a young white boy, Sunday afternoon. It appears that the white boy and the negro work at the same place at Sixth and Castle streets and there was evidence to the effect that the white boy hit the negro with a rock and the latter in turn beat the boy with his hands. The case was left open for judgment.

In the absence from the city of Geo. L. Peschau, Esq., assistant city attorney, the prosecution is being looked after by Louis Goodman, Esq., and he is doing it in a most acceptable manner. Mr. Goodman believes that it is the duty of a prosecuting attorney to look after the interests of a defendant as well as the State and this was exemplified in several cases tried yesterday. Where there was doubt of the defendant's connection with an alleged offense Mr. Goodman did not hesitate to express such doubt to the court, which concurred with him, the result being a nol pros.

A case against Mr. W. H. Whipple, proprietor of the Queen Theatre at Eighth and Queen streets, charged with running a disorderly house, will be tried today by a jury. It is alleged that pistols are fired in the shows and that there is such disorder after the shows let out at night that it is impossible for people in the neighborhood to sleep before 11 P. M.

MISS CAROLINE ASHE DEAD.

Young Lady, Formerly of Wilmington, Died Yesterday in Raleigh.

Many friends in Wilmington learned with regret of the death of Miss Carolina Burgwin Ashe, daughter of Mr. Samuel T. Ashe, for many years editor of the old Wilmington Messenger and for some time on the editorial staff of The Morning Star, who passed away at her home in Raleigh yesterday morning, after a lingering illness. She was 20 years old and formerly lived in Wilmington, where she had many friends. Her condition had been serious for several days and yesterday morning her sister, Mrs. Albert Stockard, of this city, left to be with her, but she did not arrive in time to see her sister alive. Her brothers, Messrs. George and Edward Ashe, and brother-in-law, Mr. Stockard, left on the evening train yesterday to attend the funeral. The bereaved will have the sympathy of a great many friends.

FINE HOME SOLD.

Dr. Morris M. Caldwell Buys Mayor Joseph D. Smith's Residence.

The handsome residence of Mayor and Mrs. Joseph D. Smith, northeast corner of Third and Walnut streets, has been sold by them to Dr. Morris M. Caldwell, a well known and prominent physician of this city. The sale was made some days ago, but the deed has not passed yet. It is understood that the consideration was more than $12,000. It is one of the handsomest residences in the city and is located in the heart of a fine residential section. The property fronts 60 on Third street and runs back on Walnut street for a distance of 92 feet. Another lot, which goes with the property, facing on the residence property and opening on two alleys, is 20x70 feet in size. It is presumed that Dr. Caldwell has purchased the residence for a home.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Hugh MacRae and wife to Mrs. Kate H. Rankin, for $250 and other considerations, lot 151 of Winter Park Gardens; by another deed R. G. Rankin and wife transfer the same piece of property and lot 150 to Asa H. High, for $10 and other considerations; B. F. Penny to John R. Hanby and wife, for $1,000 and other considerations, lot on east side of Seventh street, 148 feet south of Dock; J. F. Sellars and wife to Alice Bland, for $100 and other considerations, lot on west side of Eighth street, 132 feet north of Campbell, 33x165 feet in size.

Uncle Ezra

"It don't take more'n a gill uv effort to git folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at R. R. Bellamy's.

THIRTEEN HUNDRED MILES

Remarkable Record of Studebaker-Flanders, Driven by Mr. and Mrs. W. D. MacMillan, From Buffalo to Wilmington

With colors flying and the motor running as quietly as a sewing machine, a Studebaker-Flanders "20" Roadster, driven by Mr. W. D. MacMillan, Jr., the well-known Studebaker and Packard dealer, of this city, arrived at MacMillan's garage, on North Second street, this city, yesterday afternoon at 5:30 o'clock, on the last lap of a thirteen-hundred mile cross-country trip from Buffalo, N. Y., to Wilmington, the tour having been taken by easy stages in a little more than five days, actual running time.

The quick trip of the little car from Mount Olive, the stop before the last lap of the long tour, was as remarkable as the entire tour, the machine having "dashed under the wire" at the garage fully an hour before it was expected. However, a small crowd of automobile enthusiasts had already gathered for the finish and all were delighted with the remarkable performance of the new Studebaker-Flanders, which is one of the coming season's favorites. Mr. MacMillan was accompanied on the trip by Mrs. MacMillan and they arrived in the comfortable little car, apparently little fatigued and delighted with the pleasures of this record-breaking tour for an auto to or from Wilmington. Mr. and Mrs. MacMillan left fifteen days ago for Detroit, Mich., where Mr. MacMillan attended the annual meeting of the Packard and Studebaker dealers of the United States, the former annual meeting having concluded with a trip on the Great Lakes to Buffalo, N. Y. Mr. MacMillan had the car shipped over from Detroit to Buffalo and he and Mrs. MacMillan left the latter place Friday a week ago for Wilmington, driving down at their leisure and enjoying two days and a half in New York and half a day in Washington en route. They traveled none by night and did not hurry for early morning travel during the long journey. Mr. MacMillan drove the car the entire way, the speedometer registering just 1,289 miles upon arrival here, rounding out the 1,300 miles a few minutes later when Mr. and Mrs. MacMillan drove on down to their Summer home on Greenville Sound.

From Buffalo Mr. and Mrs. MacMillan drove through to New York, thence to Philadelphia, Baltimore, Washington and down through the valley of Virginia to Richmond and Petersburg, thence on down through the State to Mount Olive and to Wilmington. Not a minute's time was lost with engine or mechanical trouble of any kind, the only repairs needed being a blow-out up in Virginia and another yesterday morning near Mount Olive, this State. The fact is the performance of the Studebaker-Flanders was marvelous and all who witnessed the "finish" were equally as enthusiastic as Mr. MacMillan over the success of the tour.

Mr. MacMillan states that with the exception of stretches of roads through Duplin and Pender, not the least heavy travel was experienced and he said that he was glad to know that these two North Carolina counties were rapidly awakening to the value of improved highways and that ere long an auto tour may be taken North from Wilmington as easily as to or from any part of the country. Everywhere Mr. MacMillan says the people are alive to the value and pleasure of motor travel and that ere long Wilmington may enjoy this means of touring for pleasure with either an outlet to the North or West via Whiteville, Chadbourn, Lumberton, Maxton, Rockingham and Charlotte.

HOLD DIRECTORS' MEETING

Fidelity Trust & Development Company Increases Its Board

The board of directors of the Fidelity Trust & Development Company held its regular meeting yesterday afternoon at the company's offices and transacted several business matters of considerable importance. J. P. Council, of Wananish, was elected as a new member of the board of directors. Mr. Council is best known throughout the South as the inventor and manufacturer of the leading turpentine tools on the market, and is also a business man and capitalist of high standing. C. C. Chadbourn, president of the Chadbourn Lumber Company, of this city, who has been a director of the Fidelity for some time past, was elected to the office of vice president and has arranged to take quite an active part in the business affairs of the company.

The board of directors, as now constituted, is as follows: C. E. Greenamyer, president; C. C. Chadbourn, vice president; D. N. Chadwick, Jr., secretary and treasurer; J. H. Hinton J. W. Brooks, J. J. Hopkins, L. W. Davis, Roland A. Wright, J. P. Council, Wananish; John O. Ellington, Raleigh; J. J. Loughlin, Southport, and J. G. McNeil, Burgaw. In addition to the foregoing directors the company has a splendid list of stockholders throughout the State, perhaps one-half of whom are bankers. Brodie L. Duke, of Durham, is among the prominent stockholders in that section of the State.

The entire organization represents a high standard of business and financial standing and talent, and it is strictly in the natural order of things that the company is accomplishing a marked success.

Deserter Arrested Yesterday.

Samuel R. Clark, a young white man about 20 years old, yesterday morning walked up to Patrolman G. W. Bullard at Front and Grace streets, stated that he was a deserter from the United States army at Fort Moultrie, S. C., and asked to be taken into custody, saying that he was tired of dodging about over the country and desired to return to complete his enlistment. He was accompanied by Officer Bullard and was given a berth at the City Hall. Chief of Police Fowler notified the authorities at Fort Moultrie that the man had been arrested. Officer Bullard will claim the standing reward of $50 offered for deserters.

MR. C. T. REGISTER DEAD.

Well Known Young Wilmingtonian Passes Away at Wallace, N. C.

Many friends in Wilmington were shocked and saddened Sunday at the announcement of the death of Mr. Charles T. Register, a well known young printing pressman of this city, who passed away the same morning at the home of his father, Mr. W. W. Register, near Wallace, N. C., where he had been spending a brief vacation. Recuperating from an attack of fever, the young man had gone to his father's home to spend a while and it was while there that he became ill of acute indigestion ending in his death. Thursday of the past week he became worse and he continued to sink until death came to relieve him of his suffering. For a long time he had been employed by the Wilmington Stamp & Printing Co., of this city, and was held in universally high esteem by all who knew him. He was vice president of the Wilmington Printing Pressmen's Union and out of respect for him, members of that order met the body upon its arrival from Wallace Sunday evening and accompanied it to the home of Mrs. Register's parents, Mr. and Mrs. A. Marine, No. 811 South Fifth street, whence the funeral was conducted yesterday morning by the Revs. J. S. Crowley and Thos. P. Nee.

Mr. Register is survived by his father; his wife and two small children; eight brothers and two sisters, these being Messrs. J. W., Henry A., Clyde, Levy and William L. Register, of Wallace; R. S. Register, of Norlina; Mr. Edward Register, of Wilmington; Mrs. Cleveland Savage and Miss Cora Register.

Until after the funeral yesterday the Wilmington Stamp & Printing Co., was closed as a mark of respect to him. Members of the Pressmen's Union; the Jr. O. U. A. M. and the Maccabees, of which the deceased was also a member, attended the obsequies.

The pall-bearers were as follows: Honorary, Jos. W. Little, Esq., Messrs. W. R. Yopp, F. E. Little, Joe Curtis, John W. Stormfeltz and E. G. Burkhead; active, Messrs. Tuttle Wilson, R. J. Smathers, Tom Hill, R. E. Moore, B. J. Bryant, Jr., and Fred Griffith.

COAST LINE'S EXHIBIT

Arouses Much Interest Among Home Seekers In the West

The following is from the Grand Rapids News, Grand Rapids, Mich., of September 11th:

"Located in the extreme north end of the Art Hall, the Atlantic Coast Line Railroad Company have come all the way from the southeast to show our Michigan homeseekers the advantages of Southern soil. This exhibit is truly interesting to the prospective farmer. Not seeking to sell you land, the Atlantic Coast Line representatives are showing the possibilities of this territory through which they operate. Land in this section is sold at a very conservative cost. In nearly all cases, two or more crops are raised annually. The soil is excelled in no part of the United States. Sugar cane plays a conspicuous part, yielding 30 to 60 tons per acre, at an average price of $3.50 per ton. Alfalfa, oats, watermelons, pineapples, peaches, barley, wheat and all tropical fruits are shown in profusion. Especially interesting is the showing of corn. Standing about 18 feet high in height this is not by any means the least exaggerated. It is there for you to see.

"Many interesting pamphlets are to be had for the asking, which explains in detail just what the respective crops yield per acre and the number of crops to be raised annually. The writer was much impressed with the showing made and wishes to speak for them in calling the attention of the fair visitor to make a visit to this exhibit whose attendants are more than willing to go into details relative to the territory that they represent. This exhibit is located at the extreme north end of the Art Hall, main aisle."

SUIT OVER BOUNDARY LINE

Removal of Fence Has Sequel In Action In Superior Court

What promises to be an interesting and hard fought civil action has just been instituted in Superior Court. It is entitled Miss Elizabeth S. Waddell against Chas. D. Foard and wife. While the complaint has not yet been filed it is understood that the plaintiff will allege that the defendants removed a fence on the plaintiff's property on Fifth street, between Market and Princess, and set it back 18 inches. The fence was the dividing line of property belonging to the plaintiff and defendants. The plaintiff will contend that the fence was moved by the defendants after being specifically notified by the plaintiff not to interfere with it. It is understood that the complaint will aver that even if the plaintiff did not have a deed for the property it is hers by reason of adverse possession, a fence having stood at that place for 30 or 40 years. Ex-Mayor A. G. Ricaud appears for the plaintiff.

ANOTHER CAR R. C. HUPPS

Pickard-Bleecker Automobile Co., Receives More of "The Favorites"

The R. C. Hupps, which were the first of the 1913 model automobiles to be received in Wilmington, proved such attractive sellers that on yesterday the Pickard-Bleecker Automobile Co., on Third street, received another carload which are now on display at the garage. They come in touring car and roadster models and as a popular-priced car have few, if any, equals in the season's offerings. Equipped with electric lights, non-skid tires, jiffy curtains, Warner's speedometer and several other ordinary "extras," the R. C. Hupp at less than a thousand rollars is the automobile sensation of the year. The Pickard-Bleecker people would be glad to give a demonstration to anyone interested.

Bond Furnished for Young Styron

Bond for A. H. Styron, one of the four young men involved in the very unfortunate hazing affair at the University last week, was arranged here Sunday and was forwarded Sunday night to the authorities at Chapel Hill. The bond was drawn up by Louis Goodman, Esq., and signed by five well-known citizens of the city. The attorney forwarded the bond Sunday night, but he did not hear directly from Chapel Hill yesterday as to whether the young man was granted his release.

NO FORMAL COMPLAINTS.

Telephone Committee of Chamber Met Yesterday—No Action.

The postoffice, telephone and telegraph committee of the Chamber of Commerce held a meeting at the Chamber yesterday at noon with Chairman H. deW. Rapalje presiding and Messrs. M. W. Divine and Thos. E. Wallace in attendance. The purpose of the meeting was to hear formal and specific complaints relative to the alleged bad telephone service, following general complaint made at the regular meeting of the Chamber of Commerce last week. Mr. Stephen D. Lucas, local manager of the telephone company, was present and he was asked a number of questions by members of the committee bearing on the general telephone situation since the former investigation only a few weeks ago. He was asked if the operating force had been diminished in any way since the time the former investigation was made. He said that the force was the same with the exception that girls brought here from Charlotte to give the local operators certain instructions had returned to their homes. He said that the young ladies returned to Charlotte while the former investigation was in progress. Mr. Lucas said that complaints will arise most any time, but that it is the desire of the company to give the very best service possible.

Mr. H. Lacy Hunt was the only person to appear before the committee with a complaint of the service, although it was understood that a number of others had complaint to make. No complaints in writing had been filed and it is said that no specific complaint has as yet been made. No action was taken by the committee and another meeting will probably be held one day this week.

Office Entered and Robbed

The office of Mr. M. C. Hammond, the well-known life insurance agent, No. 7 Masonic Temple, was entered some time between Saturday afternoon at 6 o'clock and Sunday at noon and about $5 in stamps and about $2 in a small savings bank were secured by the intruder. Entrance to the office and desk was made by a key. Mr. Hammond was in his office about noon Sunday and did not discover that his office had been entered in his absence until he went to get a postage stamp from his desk. A key to both the office door and desk were recently lost and it is believed that they fell into the hands of the intruder.

A Magnificent Success.

Grand opening at the Grand will continue today. New song, full orchestra and all the bright pictures. **

Wright SELLS LOTS

WRIGHT'S REAL ESTATE AGENCY,
124 Princess Street.

BOAT AND COUNTRY CLUB

This Among the Probable Features of Riverside Park Soon

It is not improbable that sometime in the near future Riverside Park, just below the city on the Cape Fear river, will have a boat and country club composed of some of the best known and most prominent young men of the city and that regular rowing races will be held on Brunswick Bay and on the Cape Fear river, the course possibly taking in a point above the city in some of the events. The proposition has been discussed for several days and has met with the hearty approval of a number of young men interested in aquatic sports. On account of the equable weather in this section rowing and other forms of aquatic sports could be in vogue the year round and the idea would be to have some of the Northern clubs to enter rowing contests with the local club. Brunswick Bay has a mile straight away and has no jetties or other obstruction and is wide enough to be out of the channel.

The proposition for a boat and country club to feature aquatic events was taken up immediately after the project of Dr. Russell Bellamy to secure the erection of a large tourist hotel opposite Brunswick Bay was announced. Among those who have already signified their intention of joining such a club are: Messrs. Hazel R. Aiken, Russell Bellamy, George Catlett, Paul G. Cantwell, Alvin Curtis, Bailey Farmer, John Kline, Roger Moore and E. A. Shands.

GET RID OF RHEUMATISM

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism. But such treatment does not get rid of the disease, because it does not reach its source. Rheumatism comes from an excess of uric acid in the blood. This acid acts as an irritant to the nerves, muscles and joints, and produces the inflammation and swelling, and sharp cutting pains characteristic of the trouble.

When the blood is overburdened with uric acid it grows thinner and poorer in nourishing qualities. Then Rheumatism becomes chronic and not only a painful but a dangerous disease. You can get rid of Rheumatism by purifying the blood with S. S. S. This vegetable remedy goes into the circulation, neutralizes and removes the uric acid, and by building up the thin, sour blood, safely and surely cures the disease. S. S. S. makes rich, nourishing blood, which quiets excited nerves, eases the painful muscles and joints and filters out every particle of irritating uric acid from the system. Book on Rheumatism and advice free.

Miss Ollie Rembert has returned from Whiteville and vicinity after enjoying a very pleasant visit to friends and relatives.

* * *

Lieutenant Louis P. Davis, of the United States Navy, is the guest for a few weeks of his father, Junius Davis, Esq., on Greenville Sound.

* * *

Greensboro Daily News: "Leroy R. Albright, of Wilmington, stopped off yesterday en route home to spend the day with his mother, Mrs. M. E. Howard."

* * *

Mrs. J. H. Durham left yesterday morning for Lenoir and Blowing Rock, where she will join her daughter, Miss Nellie Durham, returning from a visit to Atlantic City.

* * *

Misses Marietta and Lucy Behrends, daughters of Mr. and Mrs. S. Behrends, have entered Peace Institute, Raleigh, whither they were accompanied by Mrs. Behrends.

* * *

Mr. and Mrs. S. R. Coley and children leave this morning for St. Petersburg, Fla., where Mrs. Coley and children will spend the Fall and Winter. Mr. Coley will return in about ten days.

* * *

Mrs. L. J. Hannah and two children, Walter and Leonard, have returned from an extended trip North during which they visited Thousand Islands and other places of interest in New York State.

* * *

Mrs. William Parsley and daughters, Misses Laura and Mannie Parsley, expect to leave tomorrow morning for Durham, where they will spend some time as guests of Mrs. Parsley's son, Mr. William Parsley.

* * *

Mrs. George Dyer, who has been spending a month most pleasantly with her mother-in-law, Mrs. John Dyer and with Mrs. H. K. Holden, in this city, will leave this morning returning to her home in Savannah, Ga.

* * *

Mr. and Mrs. W. L. Murray, of Holly Ridge, who have ben visiting Mr. and Mrs. L. F. Harper, No. 1313 North Fourth street, expect to leave this morning for a visit to Mr. James Register at Atkinson, where they will spend several days.

* * *

Mr. E. G. Mintz is visiting his mother at No. 10 Church street. Mr. Mintz is studying for the ministry at a seminary in Richmond, Va., and expect to leave in a few days to resume his studies. He has about two years longer at the college.

* * *

Mrs. John Thames and two daughters, little Misses Elizabeth and Mary Louise, have returned from a pleasant visit of several weeks to relatives and friends in Anderson, Spartanburg and Columbia, S. C., and are at home at No. 201 Church street.

PERSONAL PARAGRAPHS.

—Mr. J. A. Dew, of Currie, was in the city yesterday.

—Mr. R. S. Bond, of Rowland, was among the week-end arrivals at The Orton.

—Hon. J. A. Brown, of Chadbourn, spent yesterday in the city on a business trip.

—Among last night's arrivals at The Orton were J. J. Kincaid, Maxton; A. H. Long, Forest City.

—Mrs. F. M. Foy and Miss Josie Foy, of Scott's Hill, were among yesterday's arrivals at The Orton.

—Mrs. D. I. Watson and Dr. Geo. Y. Watson, of Southport, were among last evening's arrivals at The Orton.

—Dr. J. C. Wessell has returned to the city from Chadbourn, where he went for a few days' rest following a short illness.

—Mr. G. F. Smith returned yesterday to Cumnock, N. C., after a visit to his brother, Mr. J. W. Smith, No. 115 North Ninth street.

—Councilman W. E. Perdew, in charge of the Department of Water and Sewerage, has returned from his vacation of two weeks spent in the North.

—Mr. S. H. Murray, J. W. Murray and T. K. Murray expect to leave this afternoon for Jesup, Ga., where they will visit their brother, Mr. J. D. Murray.

—Arrivals yesterday at The Southern included J. T. Culbreth, Scott's Hill; F. P. Flynn, Currie; A. G. Holmes, Council's; J. Fussell, Rose Hill; R. L. Boney, L. B. Brice, Wallace; C. L. Shaw, Greensboro; R. L. Patterson, Rocky Mount.

—Among Sunday's arrivals at The Orton were G. G. McCormick, Whiteville; G. J. McMillan, Jacksonville; J. M. Stout, Siler City; P. D. Herndon, E. Porter, G. G. Allen, Lumberton; Moore Thompson, Little River, S. C.; Dr. J. Arthur Dosher, Southport.

—Among yesterday's guests at The Orton were J. B. Schulken, Whiteville; R. E. Williams, Kinston; N. A. Dunn, R. W. Dunn, Raleigh; E. D. Broadhurst, Greensboro; T. L. Gibson, Fayetteville; S. B. Taylor, Catherine Lake; F. S. Terry, Rockingham; R. C. Powell, Don MacRackan, Whiteville.

—Mr. Benjamin Ballard, of Boston, with the New England Telephone & Telegraph Company, has been home for seven weeks and just returned to Wilmington for the Winter. Mr. Ballard is in this territory inspecting poles for his company and will be here a year or more. He is back at his old headquarters at The Southern.

What We Never Forget

according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at R. R. Bellamy's.

LOCAL DOTS.

—The regular monthly meeting of the City Board of Health was not held yesterday afternoon on account of the lack of a quorum.

—David Foyles, colored, and son, John Foyles, were in Justice Harriss' court yesterday on a charge of trespass on the lands of Mr. George Shepard in the county. The hearing was continued until next Tuesday.

—The funeral of Trixie Johnson, one of the world's unfortunates, whose death occurred Saturday at her home on Chesnut, between Tenth and 11th streets, was held yesterday morning and interment was in Oakdale cemetery.

—The British steamer Monkshaven, Capt. Milburn, arrived yesterday from Tenneriffe, light, to receive cargo of cotton from Alexander Sprunt & Son. She registers 2,097 tons, and is the second tramp to arrive this season for cotton for export.

—Work of improving Chesnut street, from Front to Second street, with asphalt blocks, was begun yesterday by the Southern Paving and Construction Company, which has the contract, and it is hoped to have the thoroughfare open for travel again in about ten days.

—The improvement of Fourth street from Queen to Greenfield, has been completed and will be formally turned over to the city today by the contractors, the McGuire Construction Company. The thoroughfare was improved with a bituminous concrete material and the work cost about $20,000.

—John Eggleston, who came to this country July 3rd, 1905, from England, yesterday before Mr. S. P. Collier, Clerk of the United States Court, made declaration of his intention to become a citizen of the United States. He will wait now for five years before he secures the papers which entitle him to become a citizen of the United States.

—The Fall and Winter session of the Cape Fear Academy opened yesterday morning with a large number of pupils enrolled. Prof. Washington Catlett is tae beloved principal. While the attendance was large yesterday many others are expected to enter during the week. Yesterday was devoted to assignment of work for today and in giving the pupils information as to text books, etc.

—J. W. Herndon, colored, who was arrested here Saturday night on a warrant from Burgaw charging him with false pretense, was taken back to that place last night for trial. An officer came down on the 6:15 train returned at 7. Herndon is a negro lodge organizer and some of those with whom he had dealings at Burgaw charged him with false pretense and had him arrested.

—The case against Mr. T. M. Klein, the young white man, charged with the embezzlement of $100 from the Waccamaw Shingle Co., of Town Creek, N. C., by which he was formerly employed, will be tried at Bolivia Thursday of this week. The young man was arrested in this city some days ago and gave bond for his appearance at trial. C. Ed Taylor, Esq., of Southport, who appears for Klein, came here yesterday expecting the trial would take place in this city.

WILL AWARD CONTRACT TODAY.

Council Will Hold Special Meeting on Incinerator Proposition.

City Council will hold a special meeting today at noon. The purpose is to award the contract for the Decaire incinerator it was decided some time ago to purchase jointly by the city and county. The city pays for four-fifths of the cost of installation and maintenance and the county pays one-fifth. The main question to be determined today is that of the size of the incinerator. The bid received from the Decaire company is for a 40-ton capacity plant and the health department has strongly recommended that a plant of no less capacity be purchased because a smaller one would be inadequate to the future needs of the city, especially in view of the fact that all the county carrion and garbage from Wrightsville Beach are to be disposed of in the plant. Councilman B. C. Moore, who visited incinerators in Virginia cities, reported to Council that it would be unwise to buy anything less than a 40-ton incinerator. The 40-ton Decaire incinerator, built along the improved lines, is said to do the work of a 50-ton plant of the old style. There seems to be little doubt that Council will vote for the larger plant, which manifestly will be economy, when the proposition comes up today.

WILMINGTON IN BLUE BOOK

Information Concerning This City to Appear In Auto Publication

Wilmington will have a prominent place in the 1913 edition of the automobile Blue Book, published by the Automobile Blue Book Publishing Co., of New York. Information concerning this city and immediate section was supplied by Mr. Howard B. Branch, secretary of the Wilmington Chamber of Commerce. He had a letter from the publishing house yesterday in which a request was made for a few choice photographs of representative scenes in and about Wilmington. These will add greatly to the interest of the motorist and will help to make this locality better known as a field for enjoyable touring. Secretary Branch requests any persons having photographs of the kind wanted to kindly turn them over to the Chamber to be used in the Blue Book.

Scarcity of Labor.

The logging camps in eastern North Carolina report a shortage of labor, and some of them have been picking up every idle colored hand that can be had in Wilmington. Through Mr. S. D. Bryant, who has a store at 922 North Eighth street, the Beaufort County Lumber Company, recently secured 50 hands in this city for work in the logging camps of that company, near Fairmont, Robeson county. They want 50 more, and another lot went off on yesterday's train. The company operates on a large scale, and its full complement of hands is 450 men.

DIED

FRENCH—In Minneapolis, Minn., Friday, 13th September, 1912, CHARLES E. FRENCH JR., only son of Chas. E. French, in the 22nd year of his age.

Interment in cemetery Minneapolis, Minnesota.

..Theatrical..

Seats will go on sale at Plummer's tomorrow morning for the annual appearance at the Academy of Music Thursday night of Al. G. Field's Greater Minstrels, and, as usual, indications point to a gigantic sale. Field's show has never failed to play to capacity business in this city and the present engagement will not prove an exception.

The Field show is just finishing making a conquest of Virginia, where the press of the cities lavished it with praise. One of the glowing tributes, coming from the Norfolk Ledger-Dispatch, follows:

"Offering a brand new first part, something entirely out of the ordinary in negro minstrelsy, but with all the splendor that could be put into it, Al. G. Field and his band of burnt cork stars, headed by Bert Swor; soloists with voices that are good to hear; a well balanced chorus and some clever dancers, were seen at the Academy of Music on their annual visit to Norfolk last night and it is not going to step out of the way to say that "A-l-f-u-r-d" never had a better minstrel show during his long career with this kind of entertainment.

"The audience that greeted Al. and his company last night packed the balcony and pit and filled every seat on the first floor and there was not a minute of the two hours and a half that was required to give the performance that did not offer that audience something that was pleasing. Fun ran riot while the leading comedians were on the stage; pleasing music was sung by the soloists and in ensemble; the dancing was as unique and clever as one could wish for and the settings and costumes were at times gorgeous. It was an Al. Field show, but different from any he has yet given.

At the Bijou.

It was a glorious week inauguration the Bijou, the home of big entertainment, solid comfort and tiny price—always 5 cents, at any and all times—made yesterday afternoon. The Bijou really outdid itself with yesterday's superb bill and the theatre was jammed by highly appreciative audiences. The Bijou is certainly one of the popular spots of Wilmington, and it is doing something new and enterprising always, but regardless of extra expense it never advances the price of admission, which remains just where it was placed when the Bijou opened its doors years ago.

Today's collection of films is a wonder. "The Street Singer" is a great star today. It tells a beautiful story of a little street singer, who develops

MISS ALICE JOYCE.

into a grand opera diva, and sets forth the tale of her heart that is interwoven with her success. The noted actress, Miss Alice Joyce, will appear in this film.

Another star for today, one of virile, thrilling nature, is "The Ranchman's Trust." A young tenderfoot goes West on a ranch, to escape the thirst for drink and other worldly temptations. He falls in love and a jealous rival plots first his downfall and then his death. The ranchman plays a heroic role and saves the young Easterner. The other films are also capital ones.

At the Grand Theatre.

The Fall opening at the Grand Theatre yesterday surpassed even the most sanguine expectations of the management and demonstrated beyond cavil that if the people of Wilmington are given what they want, they do not balk at reasonable prices. And the Grand Theatre is certainly giving value received for every penny of admission.

Mr. Chick, the new balladist, proved a favorite from the start and those who heard him were charmed with his voice and his repertoire of popular songs. Then, too, the full orchestra added not a little bit to the strength of the bill; the pictures with full effects and the general Fall tone of the theatre was all and more than could be desired. Mr. Chick's song for today will be "Till the Sands of the Desert Grow Cold." The song will be especially illustrated from views taken in Egypt. No pains or expense are going to be spared this Fall and Winter in making the Grand just the "grandest" place in town theatrically speaking.

The "moveys" have not been neglected in all the glamour of the orchestra and the new singer. They are getting brighter and more interesting than ever. "The Stranger and the Taxi Cab" is an Edison of New York life and of an insane jealousy that bodes no good to the man who is possessed of it. "The House of His Master," is a Selig and is a story of retribution and reformation. Sylvia Steem is the heroine and her happy life, clouded but by a single incident, is portrayed in a way that is both interesting and informing.

The Men Who Succeed

as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half-alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and derangéd kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at R. R. Bellamy's.

TICK ERADICATION

Government Expert Esatblishes Headquarters in Wilmington

Dr. T. M. Owens, of the United States Agricultural Department, Bureau of Animal Industry, Washington, D. C., arrived in the city yesterday and will personally take charge of the government campaign for the eradication of the cattle tick in New Hanover and other eastern counties. Dr. Owens is in charge of this work in North Carolina and Virginia. A treatment station will be established in Wilmington.

New Hanover is practically free from ticks and the work in this county will be with a view to soon lifting the government quarantine against cattle from tick-infested sections.

Married Sunday Morning

Mr. John Gaylor, of this city, son of Mr. Ben Gaylor, of Atkinson, and Miss Rosie King, daughter of Mr. Robt. King of Wilmington, were married Sunday morning at 9 o'clock, the ceremony being performed by Justice G. W. Bornemann at No. 116 Martin street in the presence of a number of the relatives and friends of the couple. Felicitations and best wishes were extended the bride and groom, who will make their home in Wilmington.

—Friends of Dr. John C. Wessell will be glad to know that he has been able to resume his professional duties after an illness of two weeks. He returned to the city yesterday after several days of rest and recuperation in the country.

TWO AMERICANS KILLED.

Two Seriously Wounded by Mexicans Celebrating Independence Day.

Phoenix, Ariz., Sept. 16.—Policeman Robert Williams and Scott Price, a bystander, were killed, Police Chief Moore was mortally wounded and another policeman was seriously wounded today by Mexican rioters at a celebration of Mexico's independence day. The Mexicans escaped.

The murderers escaped with posses of National Guardsmen and citizens in pursuit.

Americanized Mexicans and their unnaturalized countrymen had engaged in a battle over the management of the celebration, which was held on City Hall plaza.

Policeman Williams and J. Valenzuela arrested two of the brawlers and had taken them as far as the prison entrance when the men drew knives and plunged them into the breasts of the officers. Williams died soon afterward. Valenzuela, though seriously injured, is expected to recover.

WRIGHTSVILLE BEACH

Mayor Thos. H. Wright, of Wrightsville Beach, has returned from a stay of ten days in the western part of the State.

Mr. and Mrs. A. M. Mattocks, of Lexington, who spent a week or ten days at the Hanover Inn, left yesterday for their home.

Sunday's Greensboro News: "Jno. J. Phoenix, who has been spending some time at Wrightsville Beach, is expected to return home today."

Charlotte Observer: "Mr. and Mrs. H. C. Irwin have returned from Wrightsville, where they spent the greater part of the Summer."

Mr. and Mrs. Geo. M. Saunders and children, who spent the Summer at the beach, closed their cottage Sunday and left for their home at Sumter, S. C.

Among the guests at the Hanover Inn Sunday from a distance were J. McRae Dalton, Winston-Salem; F. C. Kirkmyer, Raleigh; W. M. Gallant, Charlotte.

As previously announced the popular Oceanic Hotel will remain open until the 1st of October. There are a large number of guests at the hotel and the number is not expected to diminish until the end of the season.

Mr. and Mrs. Geo. Bower and children, Misses Grace and Helen Bower and Masters Ward and William Bower, returned yesterday to their home at Memphis, Tenn., after a stay of two or three weeks at the Oceanic Hotel. Mr. Bower is general passenger agent of the Illinois Central Railway.

An unusually large crowd for this season of the year went down to the beach from the city Sunday afternoon. The day was exceedingly warm and those who could conveniently do so went down to enjoy the cooling breezes at the beach. There were a large number of bathers in the surf at the Oceanic Hotel, Lumina and at other points along the beach. The water has been exceptionally fine for the past few days.

The Hanover Inn closed for the season after supper Sunday and will not re-open for the reception of guests until next Summer. A large number from the city went down to partake of the farewell supper, which, like all the others served at The Hanover, was such that a person could well afford to go a long ways to enjoy. There is a probability that Mr. Warren H. Williams, who has been manager of the hotel, will remain in Wilmington.

Mr. John F. Kneisel, director of the Lumina orchestra, left yesterday afternoon for Atlanta, where he expects to spend the Winter. Mr. Kneisel stated yesterday that he had two propositions open to him in that city but that he would not decide which he would accept until after arriving in Atlanta and looking into them further. He is one of Wilmington's best known musicians and for several years has been director of the Lumina orchestra in the Summer. Last Winter he was director of a large orchestra at Altoona, Pa., and had expected to return there this season, but the flattering offers from Atlanta altered his plans. During the remainder of the season music will be furnished at Lumina by Hollowbush's orchestra.

APPRENTICES DROWN

Number of Seamen Lose Lives at U. S. Training Station

Chicago, Sept. 16.—Investigation was renewed at the United States naval training station at North Chicago today to determine the number of apprentice seamen who lost their lives yesterday afternoon in the accident in Lake Michigan, of Lake Bluff.

Besides the five identified dead, belief prevailed that five and possibly seven others were drowned, when the cutter was blown over.

Privates Camanin, Winkler, Frickson, Shorack and Field were missing last night.

French Market Coffee Is Different From All Other Coffees

Only among the Parisians, the Turks, the Arabs and the Moors will you find coffee like the famous French Market Coffee. No ordinary American brown roast in the least resembles it. For over a hundred years this wonderful coffee has been served in the old French Market at New Orleans.

Now you all may get it—in hermetically-sealed packages—at your grocer's. Identically the same delicious coffee that was served every day in the old French Market.

Roasted by our unique hygienic process.

French Market Coffee

The Story of the Old French Market and Its Wonderful Coffee

The old French Market, in New Orleans, has been there for over 100 years. It is a long, low building, open sides filled with stalls where foodstuffs are sold. Before Spain sold Louisiana to France, coffee, as a beverage, was unknown in many parts of America. Even then, French coffee, with all its exquisite perfection, was served in this market. But its rare flavor could not then be retained in shipment.

Now the flavor of this famous roast and blend is retained. The old secret process of roasting is reproduced exactly by the French Market Mills. The flavor is retained by shipment by hermetically-sealed cans. There is no loss in fragrance or flavor by shipment through cool climates in these wonderful cans. The finest growths of coffees which come to America are unloaded on the docks of the French Market Mills. Because of these things, French Market Coffee is now the National Drink of the South.

REMEMBER THE DATE—WEDNESDAY, SEPTEMBER 18—AT 9:30 O'CLOCK.

Financial and Commercial

GENERAL DECLINE IN COTTON

Market Was Somewhat Steady, But Tendency Was Downward, Owing to Favorable Weather. Close 26 Points Off.

New York, Sept 16.—The cotton market was somewhat steady today, but the general tendency was downward, owing to more favorable reports and the close was steady at a net decline of 25 to 26 points.

The market opened steady, at a decline of 10 to 13 points, under realizing by buyers of last week, who were believed to be influenced by lower cables than due and indications that the Gulf storm had passed northward through the belt without causing any more than moderate precipitation and without high winds so far as indicated by either private or official advices. There was a good demand around the opening figures and during the middle of the morning prices rallied 7 or 8 points from the lowest, on covering by early sellers and fresh buying, which seemed to be attracted by a bullish weekly review of the crop outlook by one of the leading Southern trade authorities.

Detailed weather reports, however, seemed to confirm the early view of the storm situation, and with the outlook for generally clearing weather in the South, the market turned easier again after midday. Rumors that the South was selling hedges a little more freely and reports of showers in South Texas no doubt contributed to the selling movement, which became general, and prices broke to a net loss of 23 to 27 points in the late trading. There was just enough covering to give the market a steady tone in the last few minutes, but prices were at the lowest point of the day at the final hour.

Houses with Liverpool connections were considerable buyers here during the morning.

Receipts, 50,226 bales, against 25,861 last week and 54,197 last year. Today's receipts at Galveston, 24,792, against 22,065 last year; at New Orleans, 1,722, against 2,913 last year and at Houston, 36,219, against 34,040 last year.

Spot closed quiet; middling uplands, 11.75; do. gulf, 12.05.

Futures closed steady.

FRANK MENSCHICK COMING.

Brother of Mrs. Szabo Will Reach New York Today.

New York, Sept. 16.—Arpad A. Kremer, counsel for the Austria-Hungarian consul, said this afternoon that Franz Menschick, brother of Mrs. Szabo, whose death in Greenwood lake while with Burton W. Gibson is being investigated, probably would reach New York tomorrow from Austria. Mr. Kramer said he would be ready to proceed with his suit to have Gibson dismissed as Mrs. Szabo's executor, but thought that Gibson would ask for and obtain a delay.

Mr. Kremer said also that he had been granted an injunction by Surrogate Cohalan restraining all payments of the estate to Gibson until September 24th, when Gibson's hearing will come up at Middletown.

STOCKS WERE FAIRLY STEADY

Last Week's Bank Statement Was Feature of Yesterday's Rather Dull Market—Optimistic Views of Business.

New York, Sept 16.—Last week's bank statement which showed a slight strengthening of the receipts, instead of the threatened deficit, was one of the features in today's fairly steady, but dull, stock market. Other developments of a favorable character included the optimistic views regarding general business conditions expressed by the executive heads of the Harriman and Pennsylvania railroad systems and Western freight operations, which are in excess of last year, with an increasing shortage of equipment.

These conditions were partly nullified, however, by the firmer tendency of the money market. Call loans opened at 5 per cent., going to 5½ in the final hour, although demand was not especially keen, a fortunate fact in favor of the increasing diminution of supply.

Much of today's business on the exchange was in the various specialties, including the Coppers, Chino scoring a new high record, the equipments, fertilizers, American Can, People's Gas and local tractions, St. Paul, Great Northern, Northern Pacific and Lehigh Valley were in moderate demand, as was also Reading, at the outset.

In the late dealings, pressure against Reading had an unsettling effect on other active issues, causing an irregular close.

Bonds continued their irregular trend, the only notable feature being an 8-point rise in Chino convertibles to 180, a high record.

Total sales, par value, amounted to $1,625,000. U. S. government bonds were unchanged on call. Total sales, 233,800 shares, including: Chesapeake and Ohio, 900; Louisville and Nashville, 900; Norfolk and Western, 3,000; Reading, 38,200; Seaboard Air Line, 400; do. preferred, 2,300; Southern Railway, 5,300; do. preferred, 4,400; Tennessee Copper, 500; Virginia-Carolina Chemical, 800.

FUNERAL OF YOUNG RAND

Remains of University Student Laid To Rest In Smithfield

Smithfield, N. C., Sept. 16.—The funeral services over the remains of "Billy" Rand, the freshman killed at the University of North Carolina early Friday morning during a hazing stunt, were largely attended here late Saturday afternoon. The pastors of the three churches of the town conducted the services while members of the Baracas, of which Rand was a member, acted as pallbearers and six young ladies of the town carried the many floral offerings to the grave. The three ministers expressed great sympathy for the boy's family, the four Sophomores charged with the crime and the University of North Carolina.

Mr. Rand, father of the victim of hazing, has employed special counsel and will prosecute vigorously the four Sophomores responsible for his son's death. The executive council of the University meets today at Raleigh, when President Venable, of the institution, will make a full and complete report of the tragic occurrence.

Cambridge, Mass., Sept. 16.—John L. Sullivan, former world's champion heavyweight pugilist, has notified Matthew Hale, leader of the Progressives in Massachusetts, that he desires to stump the State for the ticket. "I am very anxious to do what I can to insure the success of ex-President Roosevelt and the Progressive party," he said.

San Francisco, Sept. 16.—Robert Beck, a high school boy, established a record yesterday, swimming the San Francisco Bay, making the three miles and a half to the Alameda county shore in two hours and one minute. He is the fourth person to make the swim.

HEADACHE A HANDICAP IN ANY RACE

You can't win any race — afoot, horseback, in auto, engine cab or aeroplane if your head aches. Headache is a sign of physical deficiency.

HICKS' CAPUDINE

JUDGE FOR YOURSELF

Which Is Better—Try An Experiment Or Profit by a Wilmington Citizen's Experience

Something new is an experiment.

Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is.

Now supposing you had a bad back,
A Lame, Weak or Aching one,
Would you experiment on it?

You will read of many so-called cures.

Endorsed by strangers from faraway places.

It's different when the endorsement comes from home.

Easy to prove local testimony.

Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

S. C. Winner, 215 E. Market St., Wilmington, N. C., says: "I still believe Doan's Kidney Pills to be an excellent kidney medicine and I cheerfully confirm the testimonial I gave in their favor in February, 1908. This remedy has been used in my family, being procured at Bellamy's drug store, and it has given relief from backache and other symptoms of kidney complaint."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WOOD'S
Special Grass and Clover Mixtures
Make the Largest Yields of Hay and Pasturage.

They are combined in proper proportion to give the best results for the different soils for which they are recommended.

We use in these mixtures our Trade Mark Brand Seeds, which are best qualities obtainable, and tested both as to germination and purity.

Our customers report the most satisfactory results, both as to securing excellent stands and largest yields of both hay and pasturage.

Wood's Descriptive Fall Catalog gives full information; also tell about all other Grass and Clover Seeds, Alfalfa, Vetches and all Farm and Garden Seeds for fall planting.

Catalog mailed free. Write for it.

AFFAIRS AT STATE CAPITAL

Trinity Endowment—Raleigh Y. M. C. A. Building—Several Charters—Miss Caroline Ashe Dead—Democratic Outlook Bright—Other Notes

(Special Star Correspondence.)

Raleigh, N. C., Sept. 16.—The congregation of Edenton Street Methodist church, this city, one of the strongest in the State, had the cause of the great million-dollar endowment for Trinity College presented Sunday with special urgency with the announcement that during the coming week there will be a house to house canvass to take subscriptions to this fund. The Methodists of the State are to raise $200,000, the share of each of the two conferences being $100,000. B. N. and J. B. Duke are to give $650,000 and Jno. D. Rockefeller $150,000.

The walls of the second floor of the handsome five-story Y. M. C. A. are now well advanced, quite rapid progress being made by the contractors, who promise to have the building ready for occupancy by the early Summer of 1913.

The Clinton Lumber Co., of Sampson county, changes its name to The Vinson, Jones & Finch Co.

The Independent Scales Co., of Asheville, is chartered with $65,000 capital by C. F. Christopher, L. H. Jones and William Jones, for handling scales and machinery generallly.

The Cliffside Telephone Co., of Cliffside, Rutherford county, is chartered with $10,000 capital authorized and $1,600 subscribed by R. R. Haynes, Z. O. Jenkins and others for local and rural exchange service.

At the Democratic State headquarters here today the statement was made that from every county in the State reports are coming in that are most gratifying as to the united condition of the party, there being every indication that not only will the old-time Democratic strength be polled for the National, State and county tickets, but that greater inroads than ever will be made on the Republican strength in both the eastern and the western sections. The campaign work as directed from State headquarters is just now getting in full swing and the progress from now on will be general and more and more strenuous.

Mr. William Crudup, aged 84 years died at his home here this morning. A native of Wake county, he went to Mississippi right after the Civil War and engaged in cotton farming and returned to Raleigh to live two years ago. His wife died soon after his return to this city. He leaves seven children, including Josiah L. Crudup, of Meridian, Miss.; Mrs. E. P. Maynard, Mrs. Bart M. Gatling and Mrs. Van Moore, of Raleigh. The funeral will be held Tuesday.

Miss Caroline Burgwyn Ashe, daughter of Capt. Sam T. Ashe, died at the Ashe home here this morning aged 20 years. The funeral will be from the Church of the Good Shepherd Tuesday morning at 11 o'clock. Capt. Ashe and family lived in Wilmington for a number of years where he was editor of The Messenger and later of The Morning Star. Miss Ashe was a much admired young woman, whose death brings deep sorrow to many friends. She is survived by her parents and one sister, Mrs. S. A. Stockard, of Wilmington, and two brothers, Edward and George Ashe, of Wilmington.

The funeral of Mrs. W. M. Brown was conducted from the residence on West Jones street this afternoon by Rev. H. M. North, of Edenton Street Methodist church. She died Sunday afternoon aged 78 years.

NO HAZING AT ELON.

Christian Sentiment Keeps It Down. President Harper to Students.

(Special Star Correspondence.)

Elon College, Sept. 16.—This morning at the first regular chapel service since the horrible tragedy at Chapel Hill, President Harper expressed deep regret for the unfortunate occurrence and sympathy for the University and the bereaved and sorrowing friends of the dead and the hazers and for the hazers themselves.

"But," continued President Harper, "no amount of sympathy for those affected by this tragedy should darken our vision of the real issues involved. Hazing is wrong, not because young Rand is dead, but because it strikes at one of the primal constituents of gentility. A gentleman will not enjoy himself at the expense of another. College men should never engage in any sort of fun-making in which all the participants cannot enter with relish and equally enjoy.

"It is no excuse for the hazers to say that the death of young Rand was accidental. It was accidental in the sense that it was not premeditated, but it was not accidental in the sense that young Rand was to blame for it. He was forced into the circumstances that led to his death. No citizen has the right to force another to do anything, save by due process of law.

"The way to stop hazing is to put in the hearts of the hazers a higher principle. The Gospel of Christ, the golden rule, lived in individual hearts, will put an end to it. If the sentiment, the spirit, of our colleges shall become essentially Christian we shall see an end of hazing. Hazing cannot thrive in a Christian atmosphere and that is why it has never got foothold at Elon, where every student regards every other as his brother."

STEAMER WESTSHORE SANK.

Crew Was Rescued by Baltimore Tug. Bottom Burst.

Norfolk, Va., Sept. 16.—The steamer Westshore, of the Westshore Navigation Company, sank in Back river near York Spit Saturday night while bound from Reedville, Va., to Norfolk. Her crew, who took to lifeboats, were rescued by the tug J. W. S. Holton, of Baltimore, and brought to Norfolk. The boat will be a total loss. A plank in her bottom is supposed to have burst.

KINSTON AFFAIRS

Fertilizer Mixing Plant—New Cotton Insect—Tobacco Sales

(Special Star Correspondence.)

Kinston, N. C., Sept. 16.—The Lenoir Oil and Ice Company, of this city, has decided to erect a fertilizer mixing plant here, to supply the surrounding counties, heretofore dependent upon points a hundred miles or more distant for fertilizers. The company has acquired a suitable site and will build an up-to-date and complete plant.

A special series of evangelistic services which has been in progress for nearly three weeks at the Christian church in this city came to a successful close last night. The meetings resulted in a goodly number of additions. Prof. Strugis, a renowned evangelistic singer, of Butler, Ind., was in charge of the music at the services.

A queer pest, operating in exactly the same fashion as the boll weevil, which has devastated thousands of acres of cotton in the South, has made its appearance in the counties east of here and is causing much concern to the farmers. The new destroyer does not precisely fit the description of the boll weevil, but goes about its work in a similar manner. The small worm enters the boll, making a hole about the size of a pin point, and shortly after the rupture is noticed the boll begins to decay and drops to the ground. A blossom which is just putting out a boll is affected in the same way, and quickly drops. The scourge seems to be covering all the counties of the coastal plain. One cotton grower says that he dissected hundreds of fallen bolls, to find them decayed inside, but only one of the worms was found, a very small specimen not larger than a horsehair. There are varying opinions concerning the pest, some of the farmers maintaining that it is the boll weevil, and others that it is an entirely new annoyer. Its first appearance was noted about a month ago and since that time its depredations have become alarming. The Department of Agriculture will probably be appealed to for relief. From many points in Caratret, Pamlico and Craven counties have come reports of the worm, and its arrival in Lenoir is awaited with dread. Inquiries fail to reveal any news of the pest this far up as yet, but because of its rapid spread through the East and South many fears are entertained.

Sales on the local tobacco market for the past week amounted to about 800,000 pounds, nearly 700,000 pounds less than the week before. The falling off is attributed to the fact that the farmers have been very busy with their cotton, and to the further fact that they have disposed of the tobacco that is graded and ready for market. The prices averaged between 14 1-2 and 15 cents, and during the latter part of the week the offering was not so good as it was earlier.

BREESE-DICKERSON

Famous Asheville Case to Come Up In Supreme Court

(Special Star Correspondence.)

Greensboro, N. C., Sept. 16.—News from Washington last night that the cases of Wm. E. Breese and Jos. E. Dickerson would be called for final adjudication in the Supreme Court of the United States on October 14th, will be read with interest throughout the State. A bill of indictment charging the two men with conspiracy to wreck First National Bank of Asheville was found in Greensboro in 1897. The trial occurred in Asheville and lasted for five weeks during the Summer of 1909 and both were convicted and sentenced to the Federal prison at Atlanta, but escaped through a technicality in the personnel of the grand jury—a negro on the jury not having paid his poll tax.

With the nol prossing of the case, District Attorney Holton brought out the original indictment charging simple conspiracy and the men were found guilty, sentenced to serve two years in the penitentiary and to pay a fine of $2,500 each.

The government contends that the men defrauded many hundreds of depositors of the bank out of more than $300,000 and that real money was taken out of the bank and bogus notes replaced the money. It will be remembered that Mrs. Nye, the widow of the late "Bill" Nye, the humorus writer, lost everything in the failure of the bank. President Jones, of the Asheville Female College at that time, was also, it is alleged, induced to place on deposit several thousand dollars, the loss of which caused the failure of President Jones' college. It is also alleged that the management of the bank induced the above persons to make deposits while they knew the bank was unsound.

TO DISCUSS SITUATION

Taft Will Confer With New York Leaders Sept. 24th

Beverly, Mass., Sept. 16.—President Taft will discuss the political situation in New York State and the ticket the Republican convention is to name there at conference Sept. 24th in New York City.

George R. Sheldon, Republican treasurer is expected to be present and it is probable that Wm. Barnes, Jr., and other New York leaders will see the President while he is in New York.

The President told visitors today that there was no ground for the report that Comptroller of the Currency Lawrence O. Murray would be asked to resign. Mr. Taft added that he considered Mr. Murray an efficient comptroller and did not believe he had displayed any activity in politics.

MARSHALL SPEAKS ON TARIFF

(Continued from Page One).

the ground of non-support. They have renounced that party and all its works and all its ways. They claim that the Republican party is even worse than the Democratic party; yet here in the State of Kansas they propose to place the Republican emblem above their Progressive electors and thereby force the Taft Republicans to do one of three things, none of which they want to do—to vote the Progressive ticket; to vote against their principles and for the Democratic ticket; or to stay away from the polls and not vote at all.

"That may be a mark of slick politics, but it is not a mark of honest politics. I should like to win the votes of the Taft Republicans in Kansas, provided they really want to vote for me, but I insist that if they do not want to vote for me, they have the right, as American citizens, to vote for Mr. Sherman.

"There can be no doubt as to the duty of a Governor whose State faces this condition of affairs. He should at once convene his Legislature to change the State's election laws. Every man in Kansas should have a chance to vote for the candidates he desires in office. It is also the duty of your Governor to see that the Republican party has its ticket upon the ballot and under its emblem.

"I cannot speak for my distinguished associate, for whose election I most honestly plead, but I truthfully say for myself that my ideas of government make me prefer the loss of Kansas, when the men of this State have had a chance to vote as they desire, to the winning of Kansas through a political trick, such as is being worked here—a trick which would ill become a candidate for constable."

A. & M. OPENING.

Improvements at College—Football Team Getting in Shape.

(Special Star Correspondence.)

West Raleigh, N. C., Sept. 14.—The opening of college this year witnessed many improvements in the campus and buildings at A. & M. The new dining hall is completed and was used for the first time when the college opened on the 5th. This is a very handsome building situated near the center of the campus. It consists of one story and a basement, which is used for storage, the first floor being used for the dining hall and will accommodate about 700 students. The Animal Husbandry building is also completed, and is one of the handsomest buildings on the campus. This building consists of two stories and a basement. The basement is used for stock judging and poultry laboratories, the first floor for animal husbandry class rooms and offices, and the second floor is used by the zoology and entomology department. The Y. M. C. A. building is nearly completed, and will be ready for occupation by Christmas. When finished this will be one of the handsomest college Y. M. C. A. buildings in the South.

During the past week, Coach Green and Capt. Cool have been strenuously at work with a large squad of men, about 60 in number, who have reported as candidates for the football team this Fall. Only six of last year's 'Varsity are back, these being Capt. H. M. Cool, half back; Anthony, fullback; Spencer, halfback; Sykes, guard; Hurtt, tackle, and Phillips, end. Floyd, who was selected All South Atlantic Tackle last year, will not be in the game this year on account of having played four years, and is assisting Coach Green. There are many vacancies to be filled this year, but judging from the looks of the men now out on the squad these vacancies will be well taken care of. The following men of last year's second team are showing up well, and some of them with one or two years' training with the scrubs should develop some good material for the 'varsity this year; Rawlings, Plyler, Morton, Seifert, C. O. Harper, Huntley and Jeffreys in the line, and Jaynes, Page, Hassel and Davis in the backfield. There are several new men who are also showing up exceptionally well, and will make the old men hustle for places on the team. Some of these are Hudson, Osborne, Terry, Huntley, Atkinson and Kernodle. The practice for the week has consisted mainly of running down under punts and of preliminary signal practice. With three more weeks of hard work during which time the best material will have been picked out, the team should be in first-class condition for the opening game, which is to be played on October 5th, with the U. S. S. Franklin.

At a meeting of the Freshman class, the following temporary officers were elected: C. A. Pruitt, of Shelby, president, and P. A. Roberts, of Red Springs, secretary and treasurer.

The battalion was organized Monday afternoon, and drill is being held every afternoon, which will continue until Fair Week, after which time the regular drills three times a week will be resumed.

MARSHALL IN MISSOURI.

Large Audience Hears Democratic Vice Presidential Nominee.

St. Joseph, Mo., Sept. 16.—Governor Marshall, of Missouri, Vice Presidential candidate, Democrat, made his first campaign speech in Missouri here tonight. He was greeted by a large audience.

Governor Marshall devoted his address mainly to the high protective tariff, which he denounced, declaring it gave its beneficiaries a monopoly on products "and free trade on labor."

Freckled Girls

It is an absolute fact, that one 50 cent jar of WILSON'S FRECKLE CREAM will either remove your freckles or cause them to fade and that two jars will even in the most severe cases completely cure them. PEACE ABOUT ARRANGED

Terms Between Italy and Turkey Are Practically Completed

Paris, Sept. 16.—The terms for peace between Italy and Turkey have been practically arranged with the exception of a proposed loan to Turkey of between 500,000,000 and 600,000,000 francs, concerning which Italy is now communicating with French, English and Belgian financiers according to a telegram received today by the Paris Temps from Rene Puaux, one of its editors at Geneva.

BUSINESS LOCALS

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amounts being too small to warrant a charge. The Star will send without charge, a Western Union Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A Messenger will also call for telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, but a small charge for strictly Messenger Service calls will be made, or telephone subscribers may at any time telephone their telegrams; bills rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union." But for advertisements, always call the Star office, No. 51. Copy for Business Locals cannot be taken over the telephone—but upon request Messenger will be dispatched to any part of the city for them.
